Iowa Council of Foundations

The Iowa Council of Foundations (ICoF) was originally organized in 1998 as an informal network of grantmakers across the state. Since that time, the organization has engaged in numerous activities that promote philanthropy in Iowa. The mission of the ICoF is to strengthen philanthropy and effective grantmaking, and does so through education and networking opportunities. For a complete list of members and

information on joining, visit www.iowacounciloffoundations.org. For more information on the ICoF's Iowa Community Foundations Initiative, visit www.iowacommunityfoundations.org.

Iowa Gaming Association

Iowa Gaming Association

The IGA is an advocate for its members, which are a viable part of the state's economy and add value to the entertainment and tourism industry.

The IGA's members are: Ameristar Casino – Council Bluffs; Argosy Casino – Sioux City; Catfish Bend Casino – Burlington; Diamond Jo Casino – Dubuque; Diamond Jo Worth Casino – Northwood; Grand Falls Casino Resort – Larchwood;

Harrah's Casino Hotel – Council Bluffs; Horseshoe Casino & Bluffs Run Greyhound Park – Council Bluffs; Isle Casino Hotel – Bettendorf; Isle Casino Hotel – Waterloo; Lady Luck Casino – Marquette; Mystique – Dubuque; Prairie Meadows – Altoona; Riverside Casino and Golf Resort – Riverside; Rhythm City Casino – Davenport; Lakeside Hotel and Casino – Osceola; Wild Rose Casino – Clinton; Wild Rose Casino – Emmetsburg.

The numbers tell the story. More than 130 community foundations across Iowa are working to make our state an even better place to live, work and raise their families. Through endowment building, grantmaking and community leadership, their efforts are making a difference today that will be felt throughout Iowa well into the future. Annually, over 1,500 community foundation volunteers and staff commit themselves to this work, strengthening and supporting all facets of community life through philanthropy.

The County Endowment Fund Program (created by the Iowa Legislature through a percentage of the commercial casinos' gaming tax revenues) is creating a strong community foundation infrastructure in the 85 counties that do not hold a state-issued gaming license. This year alone, the County Endowment Fund Program provided 2,214 grants for a total of more than \$7.75 million.

More than 130 community foundations. Over 1,500 volunteers. Over \$7.75 million distributed through 2,214 grants across 85 counties.

These numbers are very compelling, but we think they only tell part of the story. In business, one of the most important ways to tell the story of your success is through numbers, all leading up to the bottom line. Figures play a role in philanthropy also, but instead of dollars, the really important numbers relate to people, places and opportunities. How many lives have been impacted? How many communities have been strengthened for today – and the future? How has our rural environment been protected? How many pieces of history have been preserved? These are the cornerstone questions that frame what we believe matters most.

When we reflect on the true success of the County Endowment Fund Program, the collective effort to be a catalyst for philanthropic partnerships is where we take the most pride. On the following pages you will find highlights from this past year. In it, you'll see lots of numbers – numbers that tie back to how these grants have impacted nearly every citizen in several positive ways. That is Iowa's true bottom line!

We hope you enjoy seeing the report's many meaningful grant projects and will share them with others. We invite you to learn more about your local community foundation and encourage you to become an influence by getting involved where and when you can. For good. For Iowa. Forever.

Laura Sauser
President, Iowa Council of Foundations

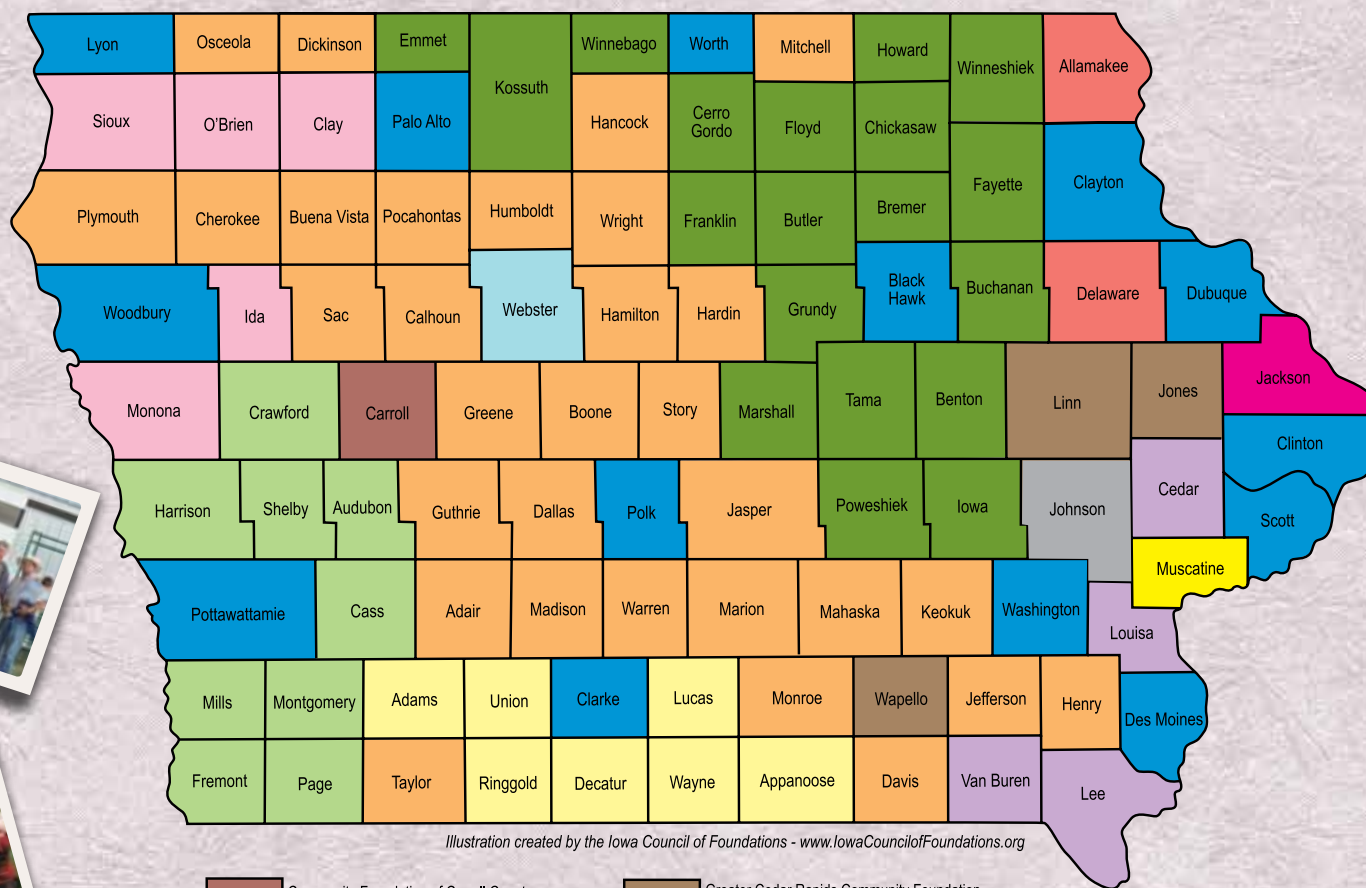

Wes Ehrecke

	Community Foundation of Johnson County		Siouxland Community Foundation
	Community Foundation of Northeast Iowa		South Central Iowa Community Foundation
	Fort Dodge Community Foundation & United Way		Counties with gaming licenses (not eligible for the County Endowment Fund Program)

History & Purpose

The County Endowment Fund Program is one of two legislative programs in Iowa that aims to increase philanthropic activity that will enhance the quality of life for Iowans. Below you will find a timeline that highlights and explains various aspects of both legislative programs (County Endowment Fund and Endow Iowa) since together these incentives are helping to build the community foundation infrastructure that will sustain our communities now and well into the future.

2003

April 2003

The Endow Iowa Program was originally proposed as part of the Iowa Values Fund. The goal was to enhance the quality of life for Iowans through increased philanthropic activity. To achieve this, the Endow Iowa Program was created with two prongs:

- (a) the Endow Iowa Tax Credit, and
- (b) the Endow Iowa Matching Grant Program.

The tax credit, offered Iowa taxpayers the opportunity to apply for a 20% tax credit in addition to the normal deduction they would receive, for a charitable gift provided it is made to a permanent endowment fund at a qualified community foundation (an initial limit of \$2 million in total credits per year was established).

The matching grant program provided a limited amount of matching funds to new and existing community foundations that built the permanent, unrestricted endowment fund for their community.

June 2003

Governor Thomas Vilsack signed the Iowa Values Fund into law, effectively creating the Endow Iowa Program.

2004

February 2004

The County Endowment Fund Program was originally proposed in HF 2302 and provided one half of one percent (0.5%) of the state's commercial gaming tax revenue to support the grantmaking and endowment-building efforts of countywide community foundations in the 85 counties that do not hold a state issue gaming license.

May 2004

Governor Thomas Vilsack signed HF 2302 into law creating the County Endowment Fund Program.

2005

April 2005

The Iowa Council of Foundations and the Iowa Department of Economic Development awarded \$150,000 in Endow Iowa Matching Grants to: Clay County Community Foundation, Clayton County Foundation for the Future, Community Foundation of Greater Muscatine, Elma Area Community Foundation, Greene County Community Foundation, and the Foundation for the Enhancement of Mitchell County.

November 2005

More than \$5.4 million was distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations, each receiving approximately \$63,000. Community foundations then granted 75 percent of those funds to charitable projects within their counties and placed the remaining 25 percent into a permanent endowment fund. The intent is to attract other donations and provide a source of permanent funding for charitable projects within those counties.

2006

May 2006

An increased allocation to the County Endowment Fund Program and the Endow Iowa tax credits was passed allowing 0.8% of the commercial gaming tax revenue to be used to support the programs.

July 2006

The Iowa Council of Foundations and Iowa Department of Economic Development awarded \$50,000 in Endow Iowa Matching Grants to: Community Foundation of Louisa County, Madrid Community Endowment Fund, and Community Foundation of Van Buren County.

August 2006

The County Endowment Fund Program Grant Reports for the 2005 distributions were collected.

October 2006

More than \$5.7 million were distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations, each receiving approximately \$67,000.

2007

July 2007

The Iowa Council of Foundations and Iowa Department of Economic Development awarded \$50,000 in Endow Iowa Matching Grants to: Hardin County Community Endowment Foundation, Kossuth County Community Foundation, and Story County Community Foundation.

August 2007

The County Endowment Fund Program Grant Reports for the 2006 distributions were collected.

September 2007

More than \$6.6 million were distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations, each receiving approximately \$77,000.

2008

July 2008

The Iowa Council of Foundations and Iowa Department of Economic Development awarded \$50,000 in Endow Iowa Matching Grants to: Dickinson County Endowment Fund, Endow Union County, Ida County Community Betterment Foundation, and Wright County Charitable Foundation.

August 2008

The County Endowment Fund Program Grant Reports for the 2007 distributions were collected.

September 2008

More than \$11.5 million was distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations, each receiving approximately \$131,000.

2009

August 2009

The County Endowment Fund Program Grant Reports for the 2008 distributions were collected.

September 2009

More than \$11.3 million were distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations, each receiving approximately \$129,000.

2010

January & March 2010

Modifications to the Endow Iowa Tax Credit Program were implemented that increased the tax credit to 25%, up from the 20% previously offered, for charitable contributions made to a permanent endowment fund at a qualified community foundation. While still eligible for federal tax deductions, under the modifications donors no longer qualified to receive a state charitable deduction for this special contribution. The amount available in total Endow Iowa Tax Credits increased to approximately \$3.7 million annually.

August 2010

The County Endowment Fund Program Grant Reports for the 2009 distributions were collected.

September 2010

More than \$10.4 million were distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations, each receiving approximately \$123,000.

2011

May 2011

Through unanimous approval in the Iowa House and Senate, an increase of \$800,000 was added to the base of Endow Iowa, bringing the total available in 2011 to approximately \$4.5 million. The bill was signed into law by Governor Terry Branstad.

August 2011

The County Endowment Fund Program Grant Reports for the 2010 distributions were collected.

September 2011

More than \$10 million were distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations, each receiving approximately \$118,000.

2012

August 2012

The County Endowment Fund Program Grant Reports for the 2011 distributions were collected.

September 2012

More than \$10.7 million were distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations, each receiving approximately \$126,000.

County Endowment Fund Grants

The County Endowment Fund Program stipulates that the countywide community foundations distribute 75% of the allocated funds to charitable projects/programs within their counties. The remaining 25% is used to build the unrestricted endowment fund for that county to provide future grant support. Community foundation grantmaking is done at the local level. Each county develops its grant distribution processes and involves local citizens to review and allocate funding to charitable projects/programs that impact a broad range of a community's wellbeing. Because of this local involvement, grant awards vary from year to year, based on current and emerging needs.

Each of the 85 counties that participated in this program submitted reports to the Iowa Council of Foundations and the Iowa Economic Development Authority. These reports outline the grant award recipients and provide additional information about the community foundations; the results are outlined in the following pages.

In the reports, the counties outlined the grant award recipients using a common listing to categorize each grant as either program- or capital-based, with a particular focus in one of seven categories. The chart below serves as a key for the grants outlined in each of the county reports.

Categorization

Program-based

operational, activity, general programmatic support

Capital-based

the building of or physical improvement of something

Focus Area

Arts/Culture/Humanities

museums, historic preservation, exhibits, etc.

Education

schools – all ages, adult learning programs, etc.

Environment/Animals

environmental protection, beautification, animal-related issues

Health

general, rehabilitative, mental, etc.

Human Services

public protection/safety, recreation, youth development, social support, general human services

Public/Society Benefit

community improvement/development, philanthropy/volunteerism, capacity-building, civil rights, etc.

Other

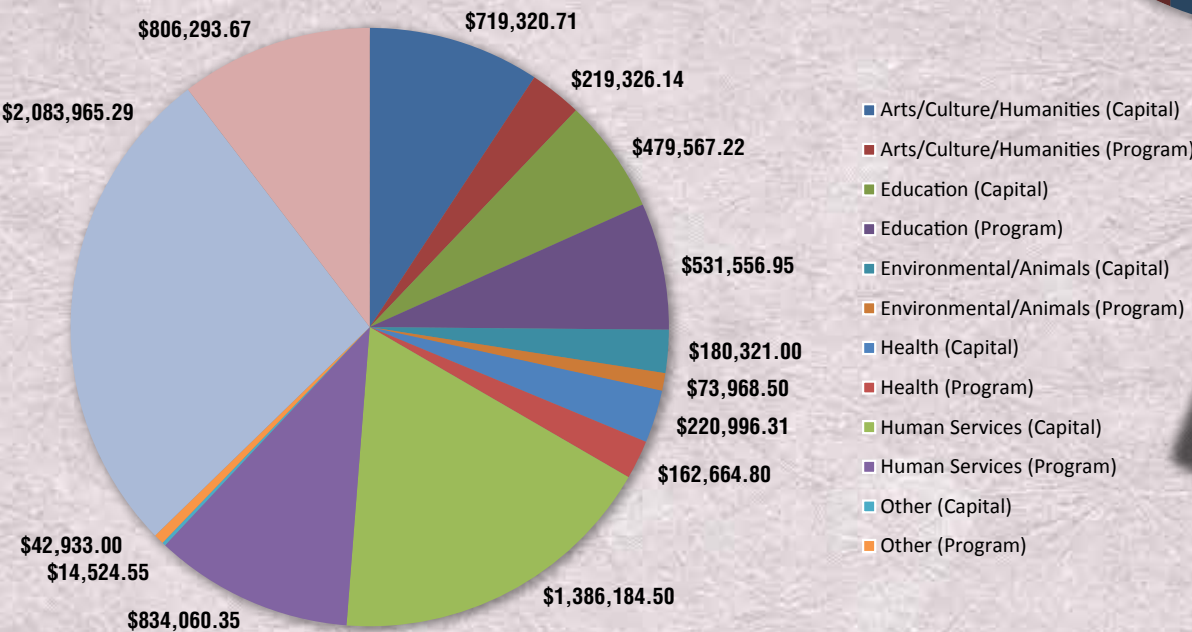

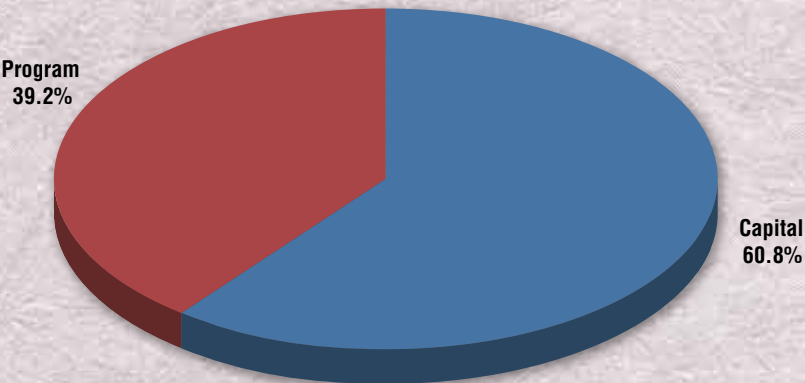

Statewide Statistics on the Program

The seventh year of the County Endowment Fund Program resulted in 2,214 grant awards totaling more than \$7.75 million throughout Iowa. These awards were made after careful review of applicants in each of the 85 counties. Collectively, the program generated 3,160 grant applications seeking funding of approximately \$18 million for a wide range of needs.*

In analyzing the reports, the counties identified 62.5% of total grants were to capital-based initiatives with 37.5% focusing on program aspects of projects.

In addition, the focus areas break down as follows:

The following pages provide summaries for each of the 85 counties participating in the County Endowment Fund Program. Additional information on these and other Iowa Community Foundations can be found at www.iowaCommunityFoundations.org by using the state map to search by county, region or zip code.

*Compiled information is based on reports completed by the community foundations.

Terms to Know

The County Endowment Fund Program focuses on countywide community foundations in 85 counties across the state. In many counties, these organizations are referred to as affiliate community foundations because they work closely with a host community foundation which has been confirmed in compliance with the national standards for US community foundations. The illustration below provides a brief overview of several terms important to the implementation of the County Endowment Fund Program: community foundations, affiliate community foundations, endowed funds and expendable funds. To learn more about terms used by community foundations, please visit www.IowaCommunityFoundations.org/Terms-to-Know.aspx.

Community Foundations

Iowa community foundations are tax-exempt, nonprofit organizations established to meet the current and future needs of local communities. Community foundations are trusted and valuable resources to individuals, families, businesses, nonprofit organizations and professional advisors working to build local philanthropy with a focus on creating endowments for the long-term benefit of charitable projects and programs. Community foundations provide grant support to a broad range of community needs such as arts and culture, health, human services, historic preservation, etc. Because a community foundation carries the status of a publicly supported nonprofit, they also grow assets through contributions from many donors. A community foundation often has numerous funds as part of its total assets; funds such as scholarship funds, agency endowment funds and donor-advised funds all allow donors to make a charitable impact in the area of interest to them. Collectively, nearly 1,500 Iowans volunteer their time and energy in the community foundation movement right here in our state.

Affiliate Community Foundations

An affiliate is a component of a community foundation that is, by most simplistic accounts, a fund or collective of funds that is advised by a group of leaders in a specific geographic area. For example, there may be eight community leaders in XYZ County who advise grants from a charitable fund and rely on a "host" community foundation to be responsible for all of the administrative requirements of those charitable funds. Most commonly in Iowa, community foundations that have affiliate funds approach the administration of those funds similar to administering an entire community foundation but as a component of the larger, host community foundation. These funds are then monitored in some way by a local collective of people from the geographic area being served.

Endowed Funds

An endowment fund (for the purpose of the legislative programs) is a charitable fund that provides grant support to Iowa charitable causes yet does not allow the annual spending rate to exceed 5 percent. Any contributions made to an endowment fund are irrevocable gifts held as an asset of the community foundation receiving the contribution. The intent of the fund is to grow by reinvesting the principal to create even greater impact in the future.

Expendable Funds

Expendable funds are charitable funds where the contributions are not endowed and, instead, both the principal and interest are available for grants to charitable purposes in the community. Community foundations that hold expendable funds may also interchangeably reference expendable funds as pass-through funds.

Casinos' Nonprofit Organizations Provide Millions in Grants Annually

Each of the fourteen counties with a casino has a nonprofit license holder or license sponsor that serves as a non-profit granting organization to reinvest gaming dollars contributed for numerous charitable and civic needs. Thousands of grant applications are received each year, and millions of dollars are given annually to a diversity of community and charitable causes, including: the United Way, Red Cross, Make-A-Wish, life-saving equipment for fire and ambulance services, laptops for schools, funding for day care and community centers, historic preservation, churches and much more.

Visit the Iowa Gaming Association website at www.iowagaming.org, and click on "Our Members/License Holders" to find applications, guidelines and recent years' grants.
