Iowa Council of Foundations

The Iowa Council of Foundations (ICoF) was originally organized in 1998 as an informal network of grantmakers across the state. Since that time, the organization has engaged in numerous activities that promote

philanthropy in Iowa. The mission of the ICoF is to strengthen philanthropy and effective grant-making, doing so through education and networking opportunities. For a complete list of members and information on joining, visit www.IowaCouncilofFoundations.org.

For more information on the ICoF's Iowa Community Foundations Initiative, visit www.IowaCommunityFoundations.org.

Iowa Gaming Association

Iowa Gaming Association

The IGA is an advocate for its member casinos, which are a viable part of the state's economy and add value to the entertainment and tourism industry. The IGA's members are:

Ameristar Casino – Council Bluffs; Cattfish

Bend Casino – Burlington; Diamond Jo Casino – Dubuque; Diamond Jo Worth Casino – Northwood; Grand Falls Casino Resort – Larchwood; Hard Rock Casino – Sioux City; Harrah's Casino Hotel – Council Bluffs; Horseshoe Casino & Bluffs Run Greyhound Park – Council Bluffs; Isle Casino Hotel – Bettendorf; Isle Casino Hotel – Waterloo; Lady Luck Casino – Marquette; Lakeside Hotel and Casino – Osceola; Mystique – Dubuque; Prairie Meadows – Altoona; Riverside Casino and Golf Resort – Riverside; Rhythm City Casino – Davenport; Wild Rose Casino – Clinton; Wild Rose Casino – Emmetsburg.

Iowa Economic Development Authority (IEDA)

Our mission is to strengthen economic and community vitality by building partnerships and leveraging resources to make Iowa the choice for people and business. Through our two main divisions – business development and community development – IEDA administers several state and federal programs to meet its goals of assisting individuals, communities and businesses. Supporting philanthropic endeavors around Iowa pays off in a big way for communities around our state. Tax credit programs administered by the Iowa Economic Department Authority (IEDA) help encourage these important philanthropic investments in community funds. IEDA is proud to administer the County Endowment Fund in cooperation with the Iowa Council of Foundations (ICOF).

A Catalyst for Philanthropic Partnerships

For more than a decade, Iowa has been recognized as a leader in philanthropy for legislating innovative approaches to support the nonprofit infrastructure, meet local needs, and serve Iowa communities:

- The Endow Iowa Tax Credit Program provides incentive for charitable gifts to permanent endowment funds at qualified community foundations around the state, ensuring thriving communities for generations to come. Since the inception of this program in 2004, Iowa Community Foundations have leveraged more than \$167 million in permanent endowment fund gifts through more than 21,000 donations.
- Among the states with legalized gaming, Iowa is the only state that requires the regulated licensed casinos to contribute a portion of their revenues to local charities and community projects. Each year, casinos provide millions of dollars to charities through the grant-making programs administered through their respective nonprofit license holders. *The results are dramatic and have positively impacted so many community philanthropic projects!*
- Funded through a percentage of the commercial casinos' gaming tax revenues, the County Endowment Fund Program is creating a strong community foundation infrastructure in the 85 counties that do not hold a state-issued gaming license. Unique to Iowa this program has awarded over \$63 million in grants to nonprofit organizations across Iowa since it began in 2004. This impressive success story continues to significantly impact so many citizens in every corner of the state in an extraordinary way!

Bolstered by the innovation and foresight of our state leaders, Iowa today is home to a vibrant network of philanthropic organizations that award millions each year in support of charitable programs across the state. Philanthropy is an integral part of the economic and social life of our region, building social capital, funding vital services, and solving problems.

This annual report highlights the grants made by the 85 county community foundations that participate in the County Endowment Fund Program. It also features the grant-making activities of each of the non-profit license holders affiliated in the 14 counties with a casino. Each individual grant maker works from an agenda that best suits the communities they serve. These pages are a compilation of the diverse nonprofit organizations and projects that are being funded around the state, supported in response to local conditions and challenges.

We thank the legislators and media for their ongoing partnership and support to heighten awareness in keeping these impressive programs thriving for the next decade and beyond. We challenge each person reading this to be an advocate for philanthropy, and a catalyst to foster more innovative partnerships in your community and county!

The County Endowment Fund Program (HF 2302)

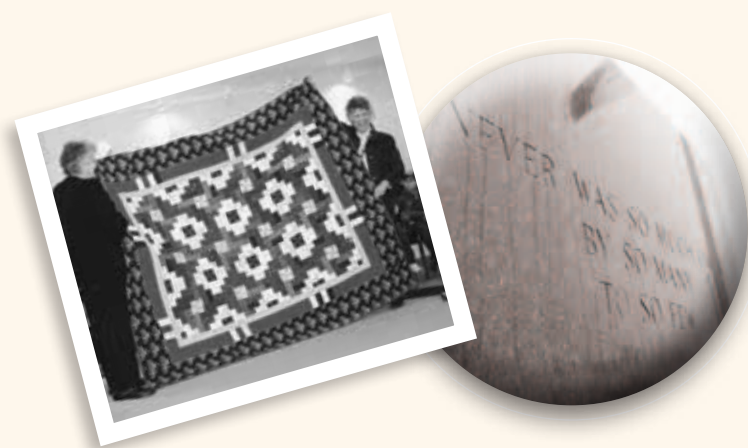

The state of Iowa is unique in that it has two legislated programs focused on increasing philanthropic activity to enhance the quality of life for Iowans. Both programs, the Endow Iowa Tax Credit Program and the County Endowment Fund Program, are implemented through local community foundations.

Created in 2004, the County Endowment Fund (HF 2302) program is funded by a percentage of the state's commercial gaming tax revenue. Initially, the amount was one half of one percent (0.5%) of the gaming tax revenue; this was increased to eight-tenths of one percent (0.8%) in 2006. These funds are distributed annually to participating community foundations and affiliate community foundations associated with counties without a state-issued gaming license. (For more information about Endow Iowa and a timeline of key dates in the history of both programs, visit www.iowacommunityfoundations.org.)

What Is a Community Foundation?

Community foundations are tax-exempt, nonprofit organizations established to meet the current and future needs of local communities. They are trusted and valuable resources for individuals, families, businesses, nonprofit organizations, and professional advisors working to build local philanthropy, with a focus on creating endowments for the long-term benefit of charitable projects and programs. Community foundations provide grant support for a broad range of community needs such as arts and culture, health, human services, and historic preservation. Because a community foundation carries the status of a publicly supported nonprofit, it also grows assets through contributions from many donors. A community foundation often has numerous funds as part of its total assets. Scholarship funds, agency endowment funds and donor-advised funds all allow donors to make a charitable impact in the area of interest to them. Collectively, nearly 1,500 Iowans volunteer their time and energy in the community foundation movement in Iowa.

An affiliate community foundation is a component of a community foundation that is, by the most simple definition, a fund or collective of funds that is advised by a group of leaders in a specific geographic area. For example, there may be eight community leaders in XYZ County who advise grants from a charitable fund and rely on a “host” community foundation to be responsible for all of the administrative requirements of those charitable funds. Most commonly in Iowa, community foundations that have affiliate funds approach the administration of those funds similar to administering an entire community foundation, but as a component of the larger, host community foundation. These funds are then monitored in some way by a local collective of people from the geographic area being served.

How the County Endowment Funds Are Used

The County Endowment Fund Program stipulates that the countywide community foundations that participate in the program distribute 75% of the allocated funds to charitable projects/programs within their counties. The remaining 25% is used to build the unrestricted endowment fund for that county to provide future grant support.

Community foundation grant-making is done at the local level. Each county develops its grant distribution processes and involves local citizens to review and allocate funding to charitable projects/programs that impact a broad range of a community's well-being. Because of this local involvement, grant awards vary from year to year, based on current and emerging needs. Each of the 85 counties that participated in this program submitted reports to the Iowa Council of Foundations and the Iowa Economic Development Authority. These reports outline the grant award recipients and provide additional information about the community foundations; the results are outlined on pages 8 – 50.

Statewide Statistics on the Program

*The ninth year of the County Endowment Fund Program resulted in 2,215 grant awards totaling \$8,712,567 throughout Iowa. These awards were made after careful review of applicants in each of the 85 counties. Collectively, the program generated nearly 2,918 grant applications seeking funding of \$20,292,234 for a wide range of needs.**

In their reports, the counties outlined grant award recipients using a common listing to categorize each grant as either program- or capital-based, with a particular focus

on one of seven categories. The chart below serves as a key for the grants outlined in each of the county reports.

Grant Categorization

Program-based: operational, activity, general programmatic support

Capital-based: the building of or physical improvement of something

Focus Area

Arts/Culture/Humanities: museums, historic preservation, exhibits, etc.

Education: schools – all ages, adult learning programs, etc.

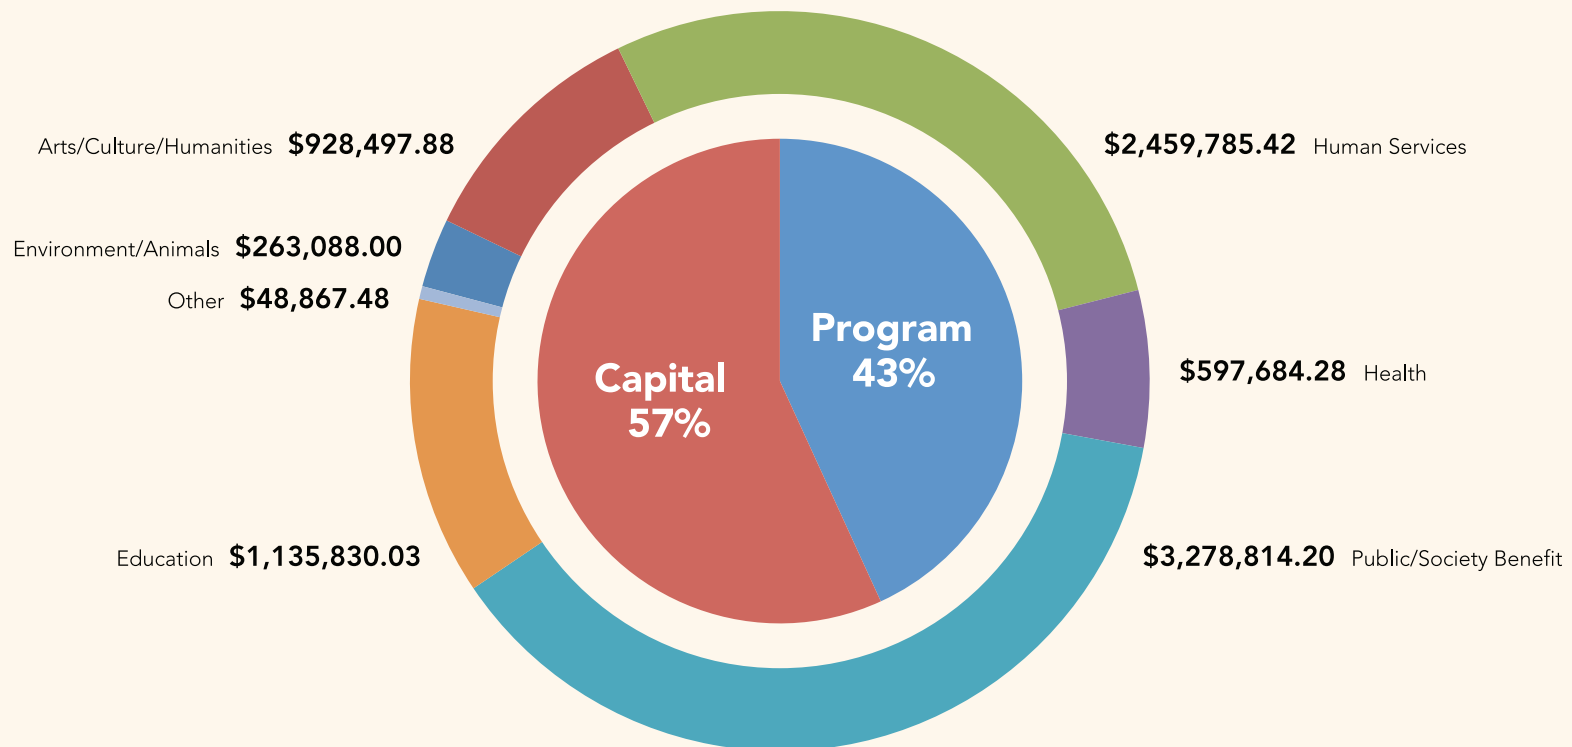

Environment/Animals: environmental protection, beautification, animal-related issues

Health: general, rehabilitative, mental, etc.

Human Services: public protection/safety, recreation, youth development, social support, general human services

Community/Public/Society Benefit: community improvement/development, philanthropy/volunteerism, capacity building, civil rights, etc.

Other

*Compiled information is based on reports completed by the community foundations.

Casinos' Nonprofit Organizations Provide Millions of Dollars in Grants Annually

Each of the 18 commercial casinos located in 14 Iowa counties is required to share its license with a Qualified Sponsoring Organization or operate as a nonprofit entity. These nonprofit license holders receive a certain portion from their respective casino's gaming revenue and annually reinvest in numerous charitable and civic needs. Thousands of grant applications are received each year to be scored by the respective board of directors, who then award millions of dollars annually to a diverse array of community and charitable causes. On the following pages you will see a summary of those impressive grant-making initiatives from each casino license holder.

You will see that their primary areas of emphasis vary based on what will best benefit their areas. Categories include:

Governmental
Cultural and Historical Attractions
Economic and Community Development
Youth
Environmental
Human Services
Education
Churches and Patriotism
Parks and Recreation
Public Safety

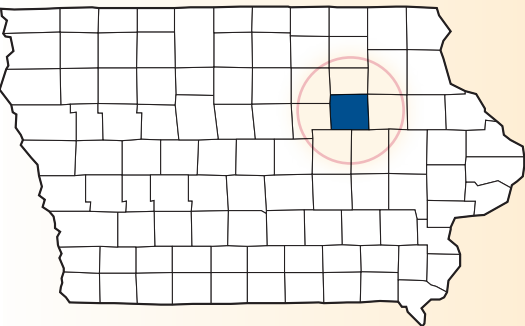

I encourage you to visit the Iowa Gaming Association website at www.iowagaming.org, and click on "Our Members/License Holders" to find applications, guidelines and archives of each of their recent years' grant distributions.

List of Board Members: Barbara Brown, Ray Burfeind, Bryan Burton, Senator Bill Dotzler, Frank Dowie, Kathy Flynn, Noreen Hermansen, Don Hoth, Tim Hurley, Sharon Juon, Rick Lubben, Shirely Merner, Jeff Palmer, George Scully and Mark Thome.

Geographical Area Served: The primary funding focus is for projects located in Black Hawk County with up to 10% of yearly revenue awarded to eligible projects in Bremer, Buchanan, Butler, Chickasaw, Grundy and Tama counties.

Total Number of Grants Committed in 2014: 39

Total Amount of Grants Awarded in 2014: \$2,809,742.00

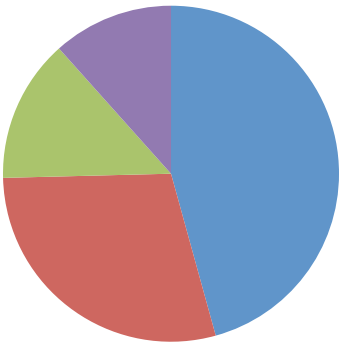

List of Primary Grant Emphasis Areas:

Parks/Recreation/Sports-Related Projects – Capital equipment, park and trail improvements, recreation and sports related projects which provide quality of life benefits to the community.

Public Safety – Funding for projects which protect the general public such as fire and police equipment or emergency response.

Libraries/Museums and the Arts – Public library facility improvements and equipment, museum capital projects and improvements or projects for art/theater.

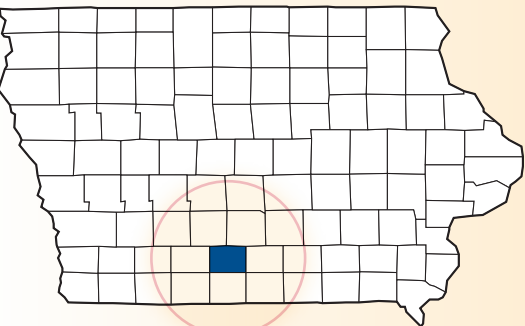

Human Services and Education – 501c3 - eligible organizations and education-related projects or programs.

■ Parks/Recreation/Sports Related
■ Public Safety
■ Education and Human Services
■ Libraries/Museums & the Arts

Summary of Primary Emphasis: Black Hawk County Gaming Association is interested in funding grant requests that will make the Cedar Valley a stronger, better place to live. It places particular emphasis on proposals that enhance public facilities; create, replace or upgrade substantial capital items or create new opportunities where none now exists. Projects should demonstrate the ability to leverage funding and support from additional sources. Applications should demonstrate the sustainability of the proposed project without additional long-term financial commitments from Black Hawk County Gaming Association. Funding is limited to cities and counties in the seven county service area and to qualified 501c3 organizations. Funding requests from counties other than Black Hawk (Bremer, Buchanan, Butler, Chickasaw, Grundy and Tama) must first apply to their local county foundation for funding.
