## Iowa Council of Foundations

The Iowa Council of Foundations (ICoF) organized in 1998 as an informal network of grantmakers across the state. Since that time, the organization has engaged in numerous activities that promote philanthropy in Iowa. The mission of the ICoF is to strengthen and promote organized philanthropy in the State of Iowa; to promote and facilitate effective philanthropic grantmaking; and to provide a forum for the exchange of information on philanthropic programs and issues. For a complete list of

members and information on joining, visit [www.IowaCouncilofFoundations.org](http://www.IowaCouncilofFoundations.org). For information on Iowa Community Foundations, visit [www.IowaCommunityFoundations.org](http://www.IowaCommunityFoundations.org).

## Iowa Gaming Association

### Iowa Gaming Association

The IGA is an advocate for its members acting as a viable part of the state's economy and adding value to the entertainment and tourism industry. The IGA's members are: Ameristar Casino - Council Bluffs; Argosy Casino - Sioux City; Catfish Bend Casino - Burlington; Diamond Jo Casino - Dubuque; Diamond Jo Worth Casino - Northwood; Dubuque Greyhound Park and Casino - Dubuque; Harrah's Casino Hotel - Council Bluffs; Horseshoe Casino & Bluffs Run Greyhound

Park - Council Bluffs; Isle of Capri Casino - Bettendorf; Isle of Capri Casino - Marquette; Mississippi Belle II/Wild Rose Casino - Clinton; Prairie Meadows - Altoona; Riverside Casino and Golf Resort - Riverside; Rhythm City Casino- Davenport; Terrible's Lakeside Casino - Osceola; the isle. casino & hotel at waterloo - Waterloo; and Wild Rose Casino and Resort - Emmetsburg.

*An essential component contributing to the quality of life throughout our state is community based philanthropy which is certainly alive and well in Iowa! Across the state, Iowa Community Foundations are expanding local giving and providing much needed grant support to charitable projects and programs thanks in part to the Iowa Legislature's 2005 implementation of the County Endowment Fund Program. The following collaborative summary, prepared by the Iowa Council of Foundations and the Iowa Gaming Association, highlights the important work of the 85 countywide community foundations participating in the Program (located in counties without state issued gaming licenses).*

*Created through a percentage of the commercial casinos' gaming tax revenues, the County Endowment Fund Program serves as a leveraging point to encourage Iowans to contribute to causes that matter most to them. Through Iowa Community Foundations, counties have the resources to encourage and grow private contributions to endowment funds that will provide charitable support to numerous causes both now and forever. In fact, the total assets of these 85 countywide community foundations alone (not counting the approximate 30 additional Iowa Community Foundations) have grown from \$16.6 million in June 2005 to more than \$33.6 million in June 2007!*

*Community based philanthropy engages citizens in determining local priorities and it provides the tools for making their communities a better place to live, work and raise families. The grants on the following pages are listed by each county and reflect every facet of community life from arts and culture to community development, education to health, human services to historic preservation and more.*

*We know you will find this report to be informative; please keep it as a valuable resource. It is empowering to be a part of a movement where Iowans from all walks of life come together to build an even brighter future by utilizing the resources of Iowa Community Foundations. The County Endowment Fund Program, serving as a catalyst to inspire additional sources of lifetime and planned gifts, promotes effective philanthropy; we are proud of the broad impact the program has made and will continue to make for years to come. We look forward to updating you with future accomplishments and encourage you to find ways to partner with these outstanding philanthropic organizations.*

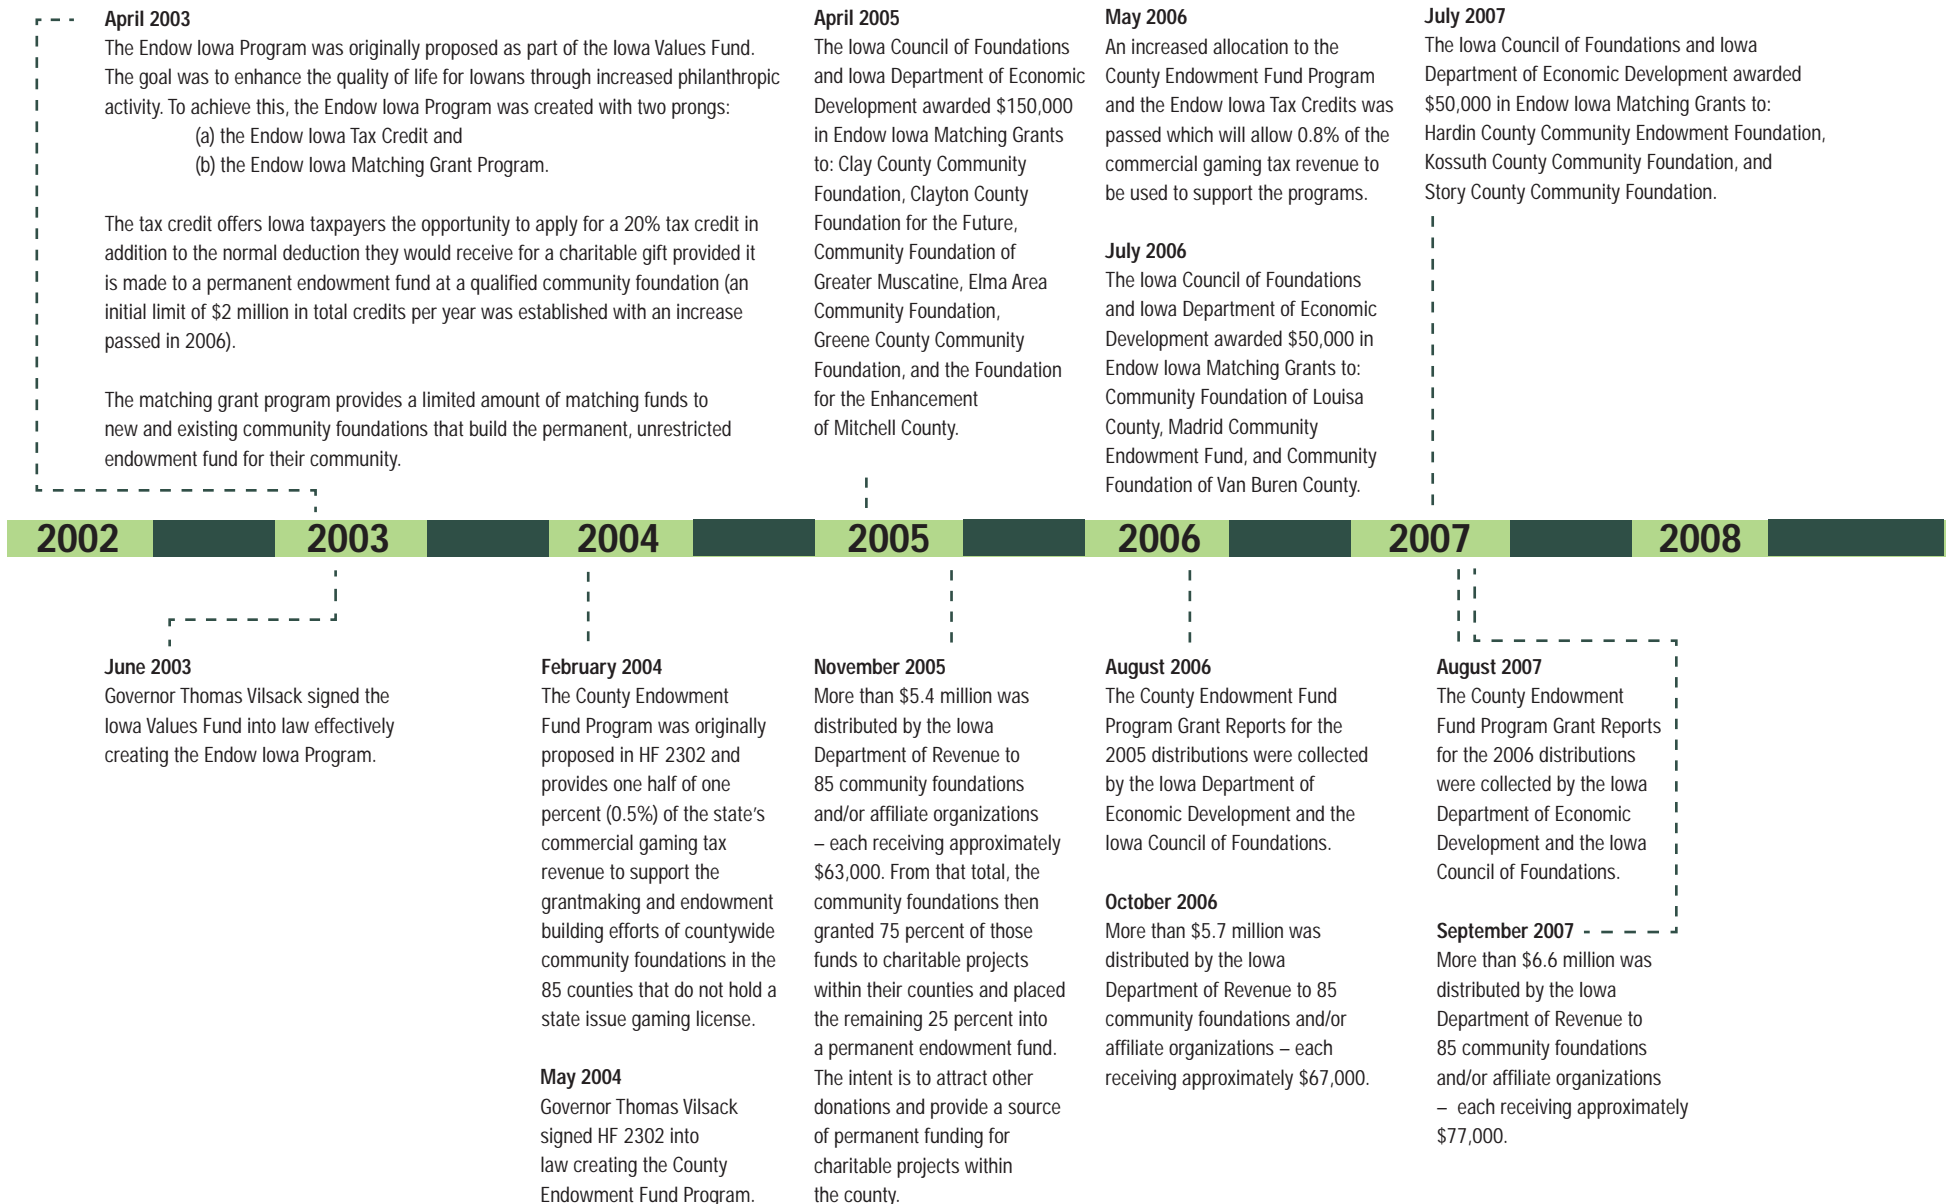

**Angela Dethlefs-Trettin**  
Director, Iowa Council of Foundations

**Wes Ehrecke**  
President, Iowa Gaming Association

\*Every effort has been made to ensure accuracy, however if an error has occurred please accept our apologies.

## History & Purpose

*The County Endowment Fund Program is one of two legislative programs in Iowa that aims to increase philanthropic activity that will enhance the quality of life for Iowans. Below you will find a timeline that highlights and explains various aspects of both legislative programs (County Endowment Fund and Endow Iowa) since together these incentives are helping to build the community foundation infrastructure that will sustain our communities now and well into the future.*

**Terms to Know** *The County Endowment Fund Program focuses on countywide community foundations in 85 counties across the state. In many counties, these organizations are referred to as affiliate community foundations because they work closely with a host community foundation which has been confirmed in compliance with the National Standards for US Community Foundations. The illustration below provides a brief overview of several terms important to the implementation of the County Endowment Fund Program; community foundations, affiliate community foundations, endowed funds and expendable funds.*

#### Community Foundations

Iowa Community Foundations are tax-exempt, nonprofit organizations established to meet the current and future needs of local communities. Community Foundations are trusted and valuable resources to individuals, families, businesses, nonprofit organizations and professional advisors working to build local philanthropy with a focus on creating endowments for the long-term benefit of charitable projects and programs. Community Foundations provide grant support to a broad range of community needs such as arts and culture, health, human services, historic preservation, etc. Because a community foundation carries the status of a publicly supported nonprofit, they also grow assets through contributions from many donors. A community foundation often has numerous funds as part of its total assets; funds such as scholarship funds, agency endowment funds, and donor advised funds all allow donors to make a charitable impact in the area of interest to them. Collectively, nearly 1,500 Iowans volunteer their time and energy in the community foundation movement right here in our state.

#### Affiliate Community Foundations

An affiliate is a component of a community foundation that is, by most simplistic accounts, a fund or collective of funds that are advised by a group of leaders in a specific geographic area. For example, there may be eight community leaders in XYZ County that advise grants from a charitable fund and rely on a “host” community foundation to be responsible for all of the administrative requirements of those charitable funds. Most commonly in Iowa, community foundations that have affiliate funds approach the administration of those funds similar to administering an entire community foundation but as a component of the larger, host community foundation. These funds are then monitored in some way by a local collective of people from the geographic area being served.

#### Endowed Funds

An endowment fund (for the purpose of the legislative programs) is a charitable fund that provides grant support to Iowa charitable causes yet does not allow the annual spending rate to exceed 5 percent. Any contributions made to an endowment fund are irrevocable gifts held as an asset of the community foundation receiving the contribution. The intent of the fund is to grow by reinvesting the principal to create even greater impact in the future.

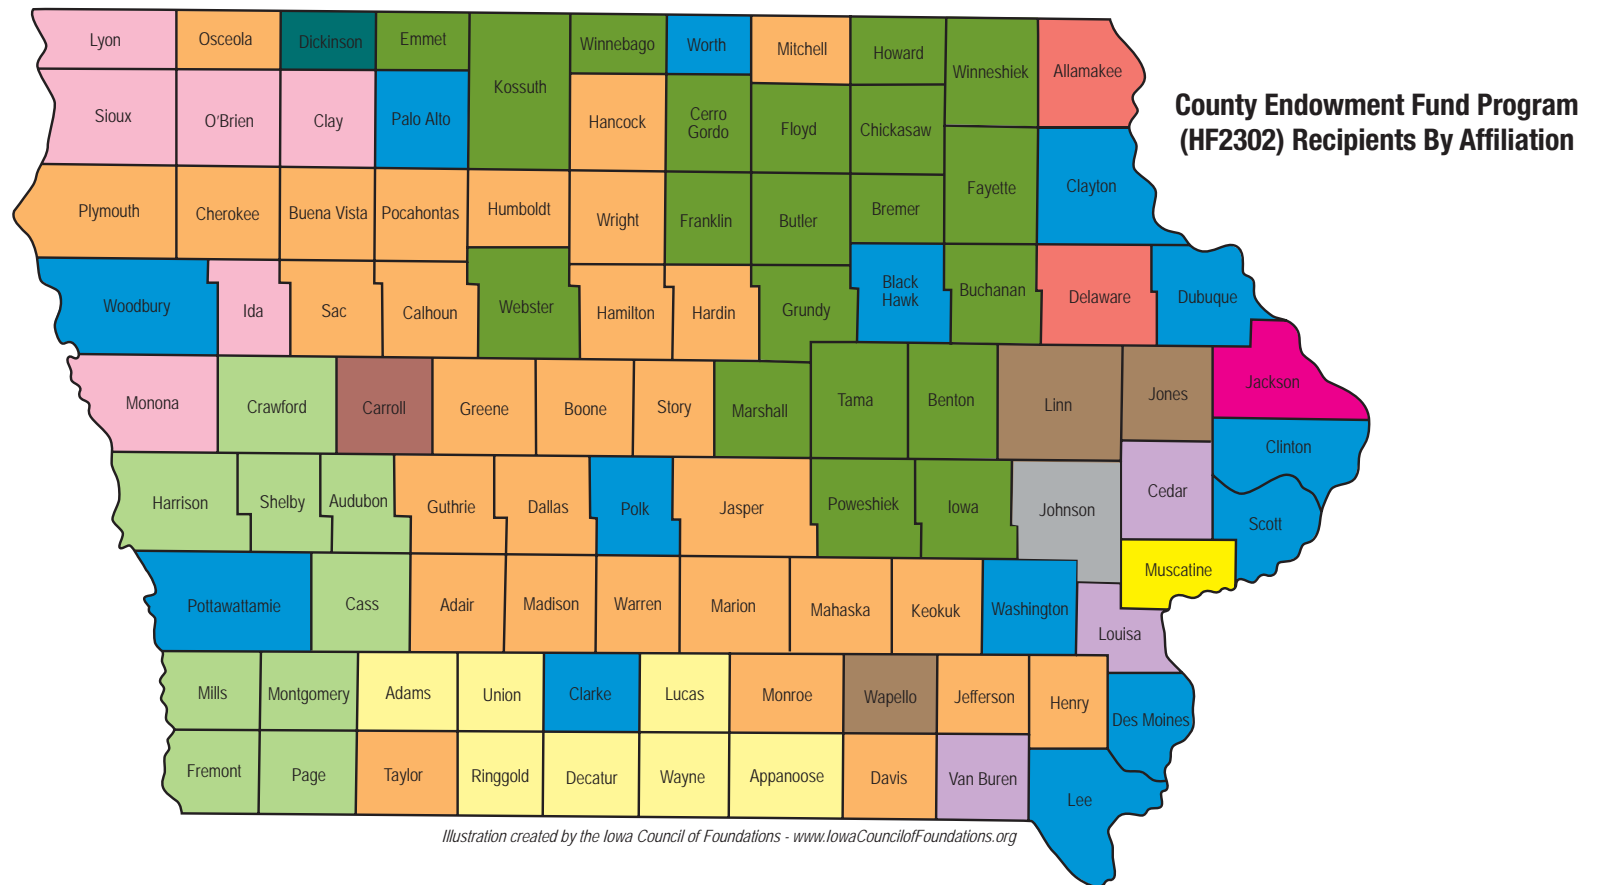

#### Expendable Funds

Expendable funds are charitable funds where the contributions are not endowed and instead both the principal and interest are available for grants to charitable purposes in the community. Community foundations that hold expendable funds may also interchangeably reference expendable funds as pass-through funds.

## Iowa Community Foundations Involved

The map below highlights the Iowa Community Foundations participating in the County Endowment Fund Program. By using the color coded key, you will see the affiliation connections for the county community foundations in Iowa. **Please note:** The map does not show all of the community foundations serving Iowa, but does highlight the 85 counties that are involved in the County Endowment Fund Program. To learn more about all of the Iowa Community Foundations, please visit [www.iowaCommunityFoundations.org](http://www.iowaCommunityFoundations.org).

## County Endowment Fund Grants

The County Endowment Fund Program stipulates that the countywide community foundations distribute 75% of the allocated funds to charitable projects and programs within their counties. The remaining 25% allocated is used to build the unrestricted endowment fund for that county to provide future grant support. It is important to note that community foundation grantmaking is at the local level as each county develops its grant distribution processes and involves local citizens to review and allocate funding to charitable projects and programs that impact a broad range of a community's wellbeing. Because of this local involvement, grant awards typically vary from year to year based on current and emerging needs in a particular geographic area.

The Iowa Council of Foundations and the Iowa Department of Economic Development collected reports from each of the 85 counties that outlined the County Endowment Fund Program grant award recipients as well as additional information from the community foundations after the second year of the Program, the results are outlined in the following pages. In the reports, the counties were asked to classify each grant based on a common listing which allowed each grant to be categorized as either program or capital based with a particular focus area in one of seven categories. The chart to the right serves as a key for the grants outlined in each of the county reports.

In addition, the organizations were asked to indicate their total assets. It is important to note that a community foundation's main purpose is endowment building which is often a long process resulting in legacy gifts in addition to lifetime gifts. Whereas growth in assets is certainly a component of the community foundation, there are many additional ways to measure the value of an organization's mission in the community such as education, philanthropic promotion, grantmaking and more. There is certainly much more we would like you to know about the value and work of Iowa Community Foundations. Please visit [www.IowaCommunityFoundations.org](http://www.IowaCommunityFoundations.org) or call the Iowa Council of Foundations at 515-537-6956 for more information.

### Categorization

#### Program Based

operational, activity, general programmatic support

#### Capital Based

the building of or physical improvement of something

### Focus Area

#### Arts/Culture/Humanities

museums, historic preservation, exhibits, etc.

#### Education

schools- all ages, adult learning programs, etc.

#### Environment/Animals

environmental protection, beautification, animal related issues

#### Health

general, rehabilitative, mental, etc.

#### Human Services

public protection/safety, recreation, youth development, social support, general human services

#### Public/Society Benefit

community improvement/ development, philanthropy/volunteerism, capacity building, civil rights, etc.

#### Other

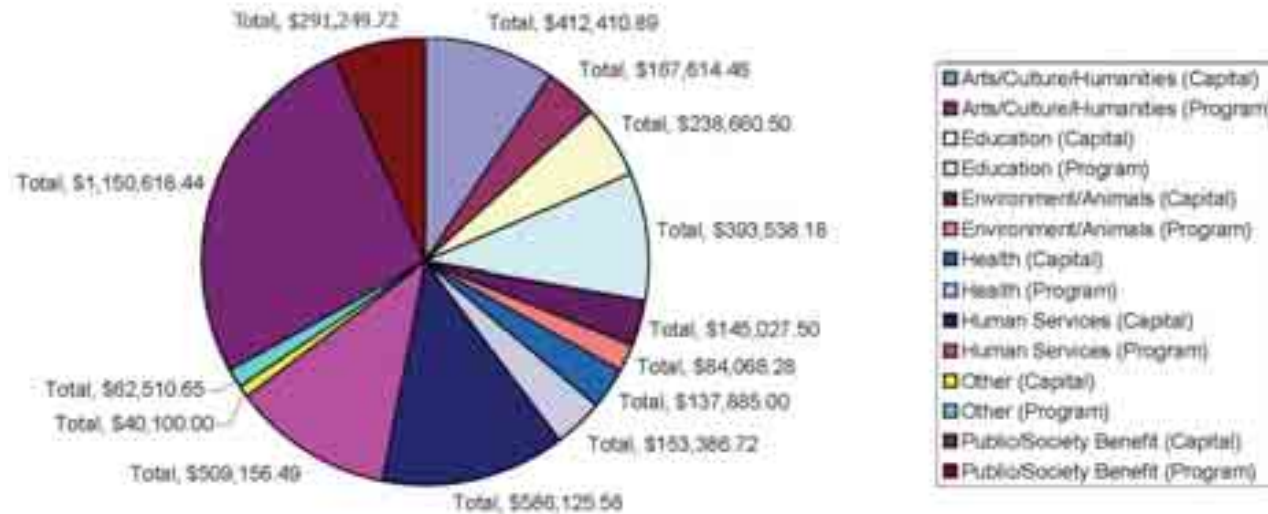

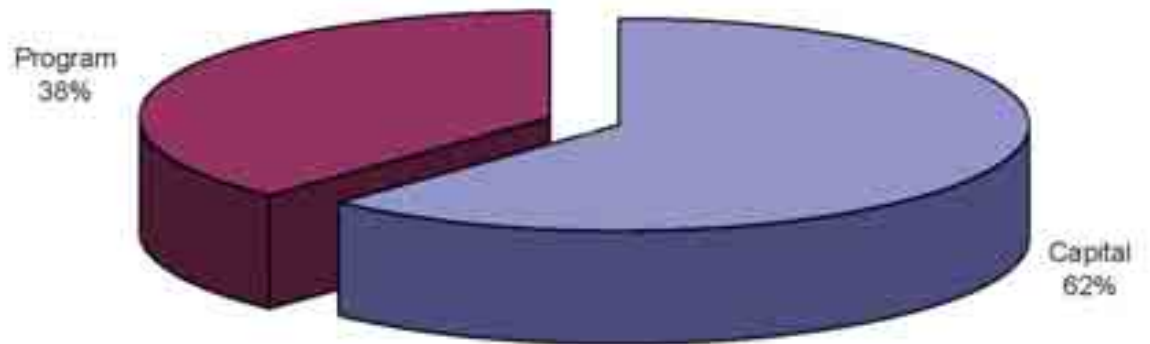

Use category only if necessary

## Statewide Statistics on the Program

*The first year of the County Endowment Fund Program resulted in 1,633 grant awards totaling more than \$4.3 million throughout Iowa. These awards were made after careful review of applicants in each of the 85 counties. Collectively, the program generated 2,532 grant applications seeking funding of approximately \$14.5 million for a wide range of needs.\**

In analyzing the reports, the counties identified 62% of total grant awards were to capital based initiatives with 38% focusing on program aspects of projects.

In addition, the focus areas break down as follows:

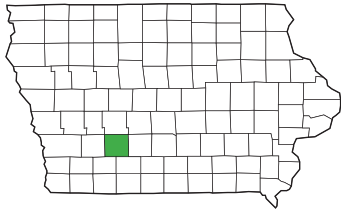

The following pages provide summaries for each of the 85 counties participating in the County Endowment Fund Program. Additional individual information on these and other Iowa Community Foundations can be found at [www.iowaCommunityFoundations.org](http://www.iowaCommunityFoundations.org) by using the state map to search by county, region or zip code.

\*Information compiled based on reports completed by the community foundations.

## Casinos' Nonprofit Organizations Provide Millions in Grants Annually

Each of the fourteen counties with a casino has a nonprofit license holder or license sponsor that serves as a non-profit granting organization to reinvest gaming dollars contributed for numerous charitable and civic needs. Thousands of grant applications are received each year, and millions of dollars are given annually to a diversity of community and charitable causes including: The United Way, Red Cross, Make-A-Wish, life saving equipment for fire and ambulance services, laptops for schools, funding for day care and community centers, historic preservation, churches and much more.

Visit the Iowa Gaming Association website at [www.iowagaming.org](http://www.iowagaming.org), click on "Our Members/License Holders" to find application, guidelines and recent years' grants.
