### Iowa Council of Foundations

The Iowa Council of Foundations (ICoF) originally organized in 1998 as an informal network of grantmakers across the State. Since that time, the organization has engaged in numerous activities that promote philanthropy in Iowa. The mission of the ICoF is to strengthen philanthropy and effective grantmaking and does so through education and networking opportunities. For a complete list of members and information on joining,

visit [www.IowaCouncilofFoundations.org](http://www.IowaCouncilofFoundations.org). For information on Iowa Community Foundations, visit [www.IowaCommunityFoundations.org](http://www.IowaCommunityFoundations.org).

### Iowa Gaming Association

### Iowa Gaming Association

The IGA is an advocate for its members acting as a viable part of the state's economy and adding value to the entertainment and tourism industry. The IGA's members are: Ameristar Casino – Council Bluffs; Argosy Casino – Sioux City; Catfish Bend Casino – Burlington; Diamond Jo Casino – Dubuque; Diamond Jo Worth Casino – Northwood; Dubuque Greyhound Park and Casino – Dubuque;

Harrah's Casino Hotel – Council Bluffs; Horseshoe Casino & Bluffs Run Greyhound Park – Council Bluffs; Isle Casino Hotel – Waterloo; Isle of Capri Casino – Bettendorf; Lady Luck Casino – Marquette; Prairie Meadows – Altoona; Riverside Casino and Golf Resort – Riverside; Rhythm City Casino – Davenport; Terrible's Lakeside Casino – Osceola; Wild Rose Casino – Clinton; Wild Rose Casino – Emmetsburg.

*The growth and vitality of our communities is largely reflected in the ingenuity and services provided by charitable projects and programs in every corner of Iowa. Thanks in part to the Iowa Legislature's 2005 implementation of the County Endowment Fund Program, Iowa Community Foundations are playing a vital role in supporting such efforts through grantmaking as well as leveraging local giving to create endowments that will impact communities- For **good**. For **Iowa**. For **ever**.*

*The following collaborative summary, prepared by the Iowa Council of Foundations and the Iowa Gaming Association, highlights the important and exciting work of the 85 countywide community foundations participating in the Program (located in counties without state-issued gaming licenses). From daycare and housing assistance programs to support for local food initiatives; from community center expansions to river cleanup projects; from leadership development programs to equipment upgrades for fire and police departments: grants made by local community foundations support every area of community life and highlight the essential role that community-based philanthropy plays in Iowa.*

*Created through a percentage of the commercial casinos' gaming tax revenues, the County Endowment Fund Program is leveraging additional contributions from Iowans. Through Iowa Community Foundations, counties have the resources to encourage and grow private contributions to endowment funds that will provide charitable support both now and forever. In fact, the total assets of these 85 countywide community foundations alone (not counting the approximate 30 additional Iowa Community Foundations) have grown from \$16.6 million in June 2005 to more than \$40 million in June 2008!*

*We know you will find this report to be informative; please keep it as a valuable resource. The grants on the following pages are listed by each county and reflect every facet of community life. The County Endowment Fund Program, serving as a catalyst to inspire additional sources of lifetime and planned gifts, promotes effective philanthropy; we are proud of the broad impact the program has made and will continue to make in Iowa.*

*Community based philanthropy engages citizens from all walks of life in determining local priorities and it provides the tools for making their communities a better place to live, work and raise families. It is empowering to be a part of a movement where Iowans join together to build an even brighter future by utilizing the resources of Iowa Community Foundations. We look forward to updating you with future accomplishments and encourage you to join the thousands of Iowans who are partnering with these outstanding philanthropic organizations.*

**Angela Dethlefs-Trettin**

Director, Iowa Council of Foundations

**Wes Ehrecke**

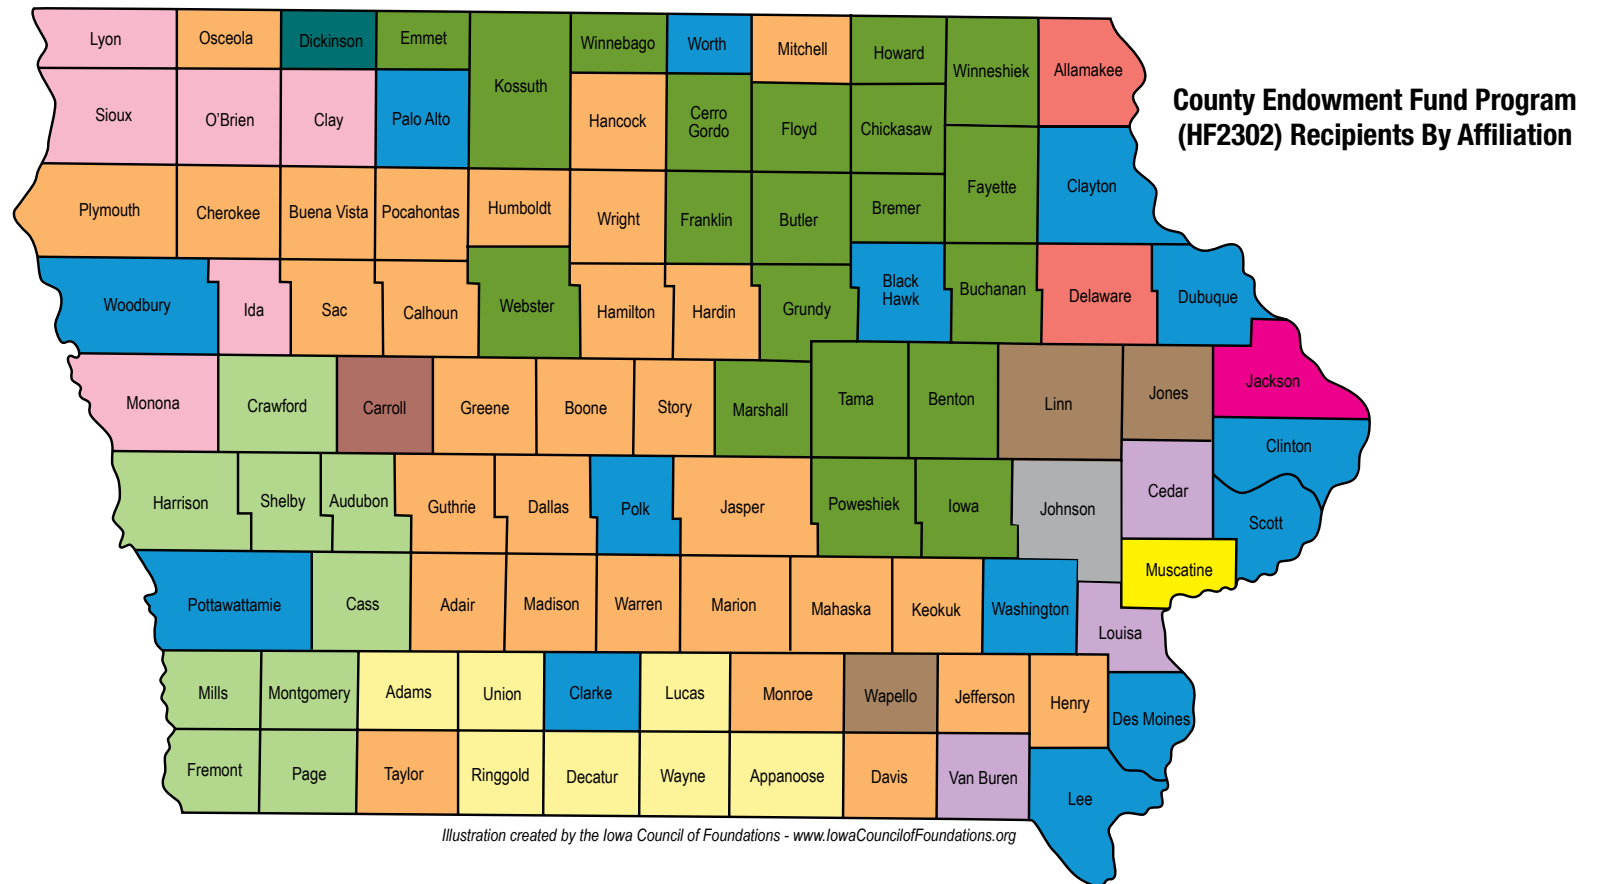

President, Iowa Gaming Association

## History & Purpose

*The County Endowment Fund Program is one of two legislative programs in Iowa that aims to increase philanthropic activity that will enhance the quality of life for Iowans. Below you will find a timeline that highlights and explains various aspects of both legislative programs (County Endowment Fund and Endow Iowa) since together these incentives are helping to build the community foundation infrastructure that will sustain our communities now and well into the future.*

### April 2003

The Endow Iowa Program was originally proposed as part of the Iowa Values Fund. The goal was to enhance the quality of life for Iowans through increased philanthropic activity. To achieve this, the Endow Iowa Program was created with two prongs:

- (a) the Endow Iowa Tax Credit and
- (b) the Endow Iowa Matching Grant Program.

The tax credit offers Iowa taxpayers the opportunity to apply for a 20% tax credit in addition to the normal deduction they would receive for a charitable gift provided it is made to a permanent endowment fund at a qualified community foundation (an initial limit of \$2 million in total credits per year was established with an increase passed in 2006).

The matching grant program provides a limited amount of matching funds to new and existing community foundations that build the permanent, unrestricted endowment fund for their community.

### April 2005

The Iowa Council of Foundations and Iowa Department of Economic Development awarded \$150,000 in Endow Iowa Matching Grants to: Clay County Community Foundation, Clayton County Foundation for the Future, Community Foundation of Greater Muscatine, Elma Area Community Foundation, Greene County Community Foundation, and the Foundation for the Enhancement of Mitchell County.

### May 2006

An increased allocation to the County Endowment Fund Program and the Endow Iowa Tax Credits was passed which will allow 0.8% of the commercial gaming tax revenue to be used to support the programs.

### July 2006

The Iowa Council of Foundations and Iowa Department of Economic Development awarded \$50,000 in Endow Iowa Matching Grants to: Community Foundation of Louisa County, Madrid Community Endowment Fund, and Community Foundation of Van Buren County.

2002

2003

2004

2005

2006

### June 2003

Governor Thomas Vilsack signed the Iowa Values Fund into law effectively creating the Endow Iowa Program.

### February 2004

The County Endowment Fund Program was originally proposed in HF 2302 and provides one half of one percent (0.5%) of the state's commercial gaming tax revenue to support the grantmaking and endowment building efforts of countywide community foundations in the 85 counties that do not hold a state issue gaming license.

### May 2004

Governor Thomas Vilsack signed HF 2302 into law creating the County Endowment Fund Program.

### November 2005

More than \$5.4 million was distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations – each receiving approximately \$63,000. From that total, the community foundations then granted 75 percent of those funds to charitable projects within their counties and placed the remaining 25 percent into a permanent endowment fund. The intent is to attract other donations and provide a source of permanent funding for charitable projects within the county.

### August 2006

The County Endowment Fund Program Grant Reports for the 2005 distributions were collected by the Iowa Department of Economic Development and the Iowa Council of Foundations.

### October 2006

More than \$5.7 million was distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations – each receiving approximately \$67,000.

#### July 2007

The Iowa Council of Foundations and Iowa Department of Economic Development awarded \$50,000 in Endow Iowa Matching Grants to: Hardin County Community Endowment Foundation, Kossuth County Community Foundation, and Story County Community Foundation.

#### July 2008

The Iowa Council of Foundations and Iowa Department of Economic Development awarded \$50,000 in Endow Iowa Matching Grants to: Dickinson County Endowment Fund, Endow Union County, Ida County Community Betterment Foundation, and Wright County Charitable Foundation.

### 2007

#### August 2007

The County Endowment Fund Program Grant Reports for the 2006 distributions were collected by the Iowa Department of Economic Development and the Iowa Council of Foundations.

#### September 2007

More than \$6.6 million was distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations – each receiving approximately \$77,000.

### 2008

#### August 2008

The County Endowment Fund Program Grant Reports for the 2007 distributions were collected by the Iowa Department of Economic Development and the Iowa Council of Foundations.

#### September 2008

More than \$11.5 million was distributed by the Iowa Department of Revenue to 85 community foundations and/or affiliate organizations- each receiving approximately \$131,000.

## County Endowment Fund Grants

The County Endowment Fund Program stipulates that the countywide community foundations distribute 75% of the allocated funds to charitable projects and programs within their counties. The remaining 25% allocated is used to build the unrestricted endowment fund for that county to provide future grant support. It is important to note that community foundation grantmaking is at the local level as each county develops its grant distribution processes and involves local citizens to review and allocate funding to charitable projects and programs that impact a broad range of a community's wellbeing. Because of this local involvement, grant awards typically vary from year to year based on current and emerging needs in a particular geographic area.

The Iowa Council of Foundations and the Iowa Department of Economic Development collected reports from each of the 85 counties that outlined the County Endowment Fund Program grant award recipients as well as additional information from the community foundations after the third year of the Program, the results are outlined in the

following pages. In the reports, the counties were asked to classify each grant based on a common listing which allowed each grant to be categorized as either program or capital based with a particular focus area in one of seven categories. The chart below serves as a key for the grants outlined in each of the county reports.

In addition, the organizations were asked to indicate their total assets. It is important to note that a community foundation's main purpose is endowment building which is often a long process resulting in legacy gifts in addition to lifetime gifts. Whereas growth in assets is certainly a component of the community foundation, there are many additional ways to measure the value of an organization's mission in the community such as education, philanthropic promotion, grantmaking and more. There is certainly much more we would like you to know about the value and work of Iowa Community Foundations. Please visit [www.iowaCommunityFoundations.org](http://www.iowaCommunityFoundations.org) or call the Iowa Council of Foundations at 515-537-6956 for more information.

## Categorization

### Program Based

operational, activity, general programmatic support

### Capital Based

the building of or physical improvement of something

## Focus Area

### Arts/Culture/Humanities

museums, historic preservation, exhibits, etc.

### Education

schools- all ages, adult learning programs, etc.

### Environment/Animals

environmental protection, beautification, animal related issues

### Health

general, rehabilitative, mental, etc.

### Human Services

public protection/safety, recreation, youth development, social support, general human services

### Public/Society Benefit

community improvement/ development, philanthropy/volunteerism, capacity building, civil rights, etc.

### Other

Use category only if necessary

## Statewide Statistics on the Program

*The third year of the County Endowment Fund Program resulted in 1,731 grant awards totaling more than \$5.1 million throughout Iowa. These awards were made after careful review of applicants in each of the 85 counties. Collectively, the program generated 2,631 grant applications seeking funding of approximately \$13.5 million for a wide range of needs.\**

In analyzing the reports, the counties identified 47% of total grant awards were to capital based initiatives with 53% focusing on program aspects of projects.

In addition, the focus areas break down as follows:

The following pages provide summaries for each of the 85 counties participating in the County Endowment Fund Program. Additional individual information on these and other Iowa Community Foundations can be found at [www.iowaCommunityFoundations.org](http://www.iowaCommunityFoundations.org) by using the state map to search by county, region or zip code.

\*Information compiled based on reports completed by the community foundations.

## Terms to Know

*The County Endowment Fund Program focuses on countywide community foundations in 85 counties across the state. In many counties, these organizations are referred to as affiliate community foundations because they work closely with a host community foundation which has been confirmed in compliance with the National Standards for US Community Foundations. The illustration below provides a brief overview of several terms important to the implementation of the County Endowment Fund Program; community foundations, affiliate community foundations, endowed funds and expendable funds.*

### Community Foundations

Iowa Community Foundations are tax-exempt, nonprofit organizations established to meet the current and future needs of local communities. Community Foundations are trusted and valuable resources to individuals, families, businesses, nonprofit organizations and professional advisors working to build local philanthropy with a focus on creating endowments for the long-term benefit of charitable projects and programs. Community Foundations provide grant support to a broad range of community needs such as arts and culture, health, human services, historic preservation, etc. Because a community foundation carries the status of a publicly supported nonprofit, they also grow assets through contributions from many donors. A community foundation often has numerous funds as part of its total assets; funds such as scholarship funds, agency endowment funds, and donor advised funds all allow donors to make a charitable impact in the area of interest to them. Collectively, nearly 1,500 Iowans volunteer their time and energy in the community foundation movement right here in our state.

### Affiliate Community Foundations

An affiliate is a component of a community foundation that is, by most simplistic accounts, a fund or collective of funds that are advised by a group of leaders in a specific geographic area. For example, there may be eight community leaders in XYZ County that advise grants from a charitable fund and rely on a “host” community foundation to be responsible for all of the administrative requirements of those charitable funds. Most commonly in Iowa, community foundations that have affiliate funds approach the administration of those funds similar to administering an entire community foundation but as a component of the larger, host community foundation. These funds are then monitored in some way by a local collective of people from the geographic area being served.

### Endowed Funds

An endowment fund (for the purpose of the legislative programs) is a charitable fund that provides grant support to Iowa charitable causes yet does not allow the annual spending rate to exceed 5 percent. Any contributions made to an endowment fund are irrevocable gifts held as an asset of the community foundation receiving the contribution. The intent of the fund is to grow by reinvesting the principal to create even greater impact in the future.

### Expendable Funds

Expendable funds are charitable funds where the contributions are not endowed and instead both the principal and interest are available for grants to charitable purposes in the community. Community foundations that hold expendable funds may also interchangeably reference expendable funds as pass-through funds.

## Casinos' Nonprofit Organizations Provide Millions in Grants Annually

Each of the fourteen counties with a casino has a nonprofit license holder or license sponsor that serves as a non-profit granting organization to reinvest gaming dollars contributed for numerous charitable and civic needs. Thousands of grant applications are received each year, and millions of dollars are given annually to a diversity of community and charitable causes including: The United Way, Red Cross, Make-A-Wish, life saving equipment for fire and ambulance services, laptops for schools, funding for day care and community centers, historic preservation, churches and much more.

Visit the Iowa Gaming Association website at [www.iowagaming.org](http://www.iowagaming.org), click on "Our Members/License Holders" to find application, guidelines and recent years' grants.
