### Iowa Council of Foundations

The Iowa Council of Foundations (ICoF) was originally organized in 1998 as an informal network of grantmakers across the state. Since that time, the organization has engaged in numerous activities that promote philanthropy

in Iowa. The mission of the ICoF is to strengthen and grow philanthropy in Iowa, doing so through educational programming and providing networking opportunities. For a complete list of members and information on joining, visit [www.IowaCouncilofFoundations.org](http://www.IowaCouncilofFoundations.org). For more information on the ICoF's Iowa Community Foundations Initiative, visit [www.IowaCommunityFoundations.org](http://www.IowaCommunityFoundations.org).

### Iowa Gaming Association

### Iowa Gaming Association

The IGA is an advocate for its member casinos, which are a viable part of the state's economy and add value to the entertainment and tourism industry. The IGA's members are:

Ameristar Casino – Council Bluffs; Casino Queen

– Marquette; Catfish Bend Casino – Burlington; Diamond Jo Casino – Dubuque; Diamond Jo Worth Casino – Northwood; Grand Falls Casino Resort – Larchwood; Hard Rock Casino – Sioux City; Harrah's Casino Hotel – Council Bluffs; Horseshoe Casino – Council Bluffs; Isle Casino Hotel – Bettendorf; Isle Casino Hotel – Waterloo; Lakeside Hotel and Casino – Osceola; Prairie Meadows – Altoona; Q Casino – Dubuque; Riverside Casino and Golf Resort – Riverside; Rhythm City Casino – Davenport; Wild Rose Casino – Clinton; Wild Rose Casino – Emmetsburg; and Wild Rose Casino – Jefferson.

### Iowa Economic Development Authority (IEDA)

The IEDA mission is to strengthen economic and

community vitality by building partnerships and leveraging resources to make Iowa the choice for people and business. Through our two main divisions – business development and community development – IEDA administers several state and federal programs to meet its goals of assisting individuals, communities, and businesses. Supporting philanthropic endeavors around Iowa pays off in a big way for communities around our state. Tax credit programs administered by the Iowa Economic Development Authority (IEDA) help encourage these important philanthropic investments in community funds. IEDA is proud to administer the County Endowment Fund in cooperation with the Iowa Council of Foundations (ICoF).

## A Catalyst for Philanthropic Partnerships

The County Endowment Fund Program reached an important milestone this year as 2019 marked the 15th year of the program and grantmaking of regulated licensed casinos in Iowa. Looking back on this chapter of the program, it is clear Iowans have benefitted greatly from the grantmaking and endowment building occurring throughout the state!

The County Endowment Fund Program annually redistributes a percentage of commercial casinos' gaming tax revenues. Of that annual distribution, the recipients grant 75 percent directly to local nonprofits and charitable causes in their communities and the remaining 25 percent is added to each county's unrestricted endowment fund to provide a permanent source of funding for future projects and programs. Each county's endowment fund is intended to attract additional donations and provide a permanent source of funding to support county and community needs forever.

Since the County Endowment Fund Program began in 2004, over 28,000 grants have been made to invest over \$105 million across Iowa. Alongside this investment, the Endow Iowa Tax Credit Program has leveraged over \$287 million in gifts to permanently endowed funds in Iowa. Seventeen nationally accredited community foundations help administer both programs. These state-legislated programs are not just innovative here in Iowa, but in the entire philanthropic field. Both have positioned Iowa as a leader in community-based philanthropy and have also positioned Iowa communities for success now and in the future.

Complementary to the County Endowment Fund Program, each of the nineteen commercial casinos, located in fifteen Iowa counties, is required to share its license with a Qualified Sponsoring Organization (QSO). These QSOs receive a contractual percentage portion from their respective casino's gaming revenue to annually reinvest in numerous charitable and civic needs. These investments provide millions of dollars in grants to fund projects which benefit counties that hold state-issued gaming licenses and therefore are not eligible for the County Endowment Fund Program.

Working together, these grantmaking activities support each of Iowa's 99 counties and are a catalyst for significant philanthropic and public-private partnerships. These grants support a wide variety of needs in Iowa communities including: human services, education, health, the arts, the environment, and community/public benefit. A detail of County Endowment Fund Program grants and casino grantmaking for 2018-2019 are highlighted in this annual report.

The County Endowment Fund Program is a winning combination of supporting community needs for Iowans now and in the future. For over a decade, the Governor and the legislature has remained committed to this unique program which allows local community foundations to fund projects that help each county meet the specific philanthropic needs of their area. We are grateful for their vision and continued commitment to this worthwhile program. This philanthropic support of Iowa communities is building for our future – today.

Together, we celebrate the past 15 years and look forward to the impact this program will have in our state in its next chapter!

## **The County Endowment Fund Program (HF 2302)**

*The state of Iowa is unique in that it has two legislated programs focused on increasing philanthropic activity to enhance the quality of life for Iowans. Both programs, the Endow Iowa Tax Credit program and the County Endowment Fund Program, are implemented through local community foundations.*

*Created in 2004, the County Endowment Fund Program (HF 2302) is funded by a percentage of the state's commercial gaming tax revenue. Initially, the amount was one half of one percent (0.5%) of the gaming tax revenue; this was increased to eight-tenths of one percent (0.8%) in 2006. These funds are distributed annually to participating community foundations and affiliate community foundations associated with counties without a state-issued gaming license.*

*For more information about Endow Iowa, and a timeline of key dates in the history of both programs, visit [www.IowaCommunityFoundations.org](http://www.IowaCommunityFoundations.org).*

### **What Is a Community Foundation?**

Community foundations are tax-exempt, nonprofit organizations established to meet the current and future needs of local communities. They are trusted and valuable resources for individuals, families, businesses, nonprofit organizations, and professional advisors working to build local philanthropy, with a focus on creating endowments for the long-term benefit of charitable projects and programs.

Community foundations provide grant support for a broad range of community needs such as arts and culture, health, human services, and historic preservation. Because a community foundation carries the status of a publicly supported nonprofit, it also grows assets through contributions from many donors. A community foundation often has numerous funds as part of its total assets. Scholarship funds, agency endowment funds, and donor-advised funds all allow donors to make a charitable impact in the area of interest to them. Collectively, nearly 1,700 Iowans volunteer their time and energy toward bettering their community through work with a community foundation in Iowa.

An affiliate community foundation is a component of a community foundation which is a fund or collective of funds advised by a group of leaders in a specific geographic area. For example, there may be eight community leaders in XYZ County who advise grants from a charitable fund and rely on a "host" community foundation to be responsible for all of the administrative requirements of those charitable funds.

Most commonly in Iowa, community foundations that have affiliate funds approach the administration of those funds similar to administering an entire community foundation, but as a component of the larger, host community foundation. These funds are then monitored by a local collective of people from the geographic area being served.

## How County Endowment Funds are Used

The County Endowment Fund Program stipulates that the county wide community foundations who participate in the program distribute 75% of the annually allocated funds to charitable projects/programs within their counties. The remaining 25% is used to build the unrestricted endowment fund for that county to provide future grant support.

Community foundation grantmaking is done at the local level. Each county develops its grant distribution process and involves local citizens to review and allocate funding to charitable projects/programs that impact a broad range of a community's well-being. Because of this local involvement, grant awards vary from year to year, based on current and emerging needs. Each of the 84 counties who participated in this program submitted reports to the Iowa Council of Foundations and the Iowa Economic Development Authority. These reports outline the grant award recipients and provide additional information about each community foundation; the results are outlined on pages 8 – 49.

## Statewide County Endowment Fund Program Grantmaking Statistics

*The 14th year of the County Endowment Fund Program resulted in 2,117 grant awards totaling \$9,351,481.67 throughout Iowa. These awards were made after careful review of applicants in each of the 84 counties. Collectively, the program generated nearly 2,940 grant applications seeking funding of \$19,840,080.84 for a wide range of programs and projects.\**

In their reports, the counties outlined grant award recipients using a common listing to categorize each grant as either program or capital based, with a particular focus on one of seven categories. The chart below serves as a summary for the grants outlined in each of the county reports.

## Casinos' Nonprofit Organizations Provide Millions of Dollars in Grants Annually

Each of the 19 commercial casinos located in 15 Iowa counties is required to share its license with a Qualified Sponsoring Organization (QSO). These QSOs receive a contractual percentage portion from their respective casino's gaming revenue to annually reinvest in numerous charitable and civic needs.

They each operate with their own board of directors as an 'arms-length' decision making nonprofit entity. These QSO boards each establish the criteria that is best suited to their region for the types of grants they will consider funding; their primary areas of emphasis vary based on what will best benefit their areas. Categories include:

- Community Improvement
- Cultural and Historical Attractions
- Environmental Education
- Youth
- Healthy Families
- Parks and Recreation
- Public Safety
- Services Agencies and Human Services
- Churches and Patriotism
- Governmental and Libraries
- Economic and Community Development

Thousands of grant applications are received each year requesting dollars for a diverse array of community and charitable causes. Considerable deliberation takes place by the respective board of directors to score these requests to then award millions of dollars to many worthwhile initiatives – in 2019 it resulted in 1628+ grants totaling nearly \$95 million!

On the following pages you will see a summary of those impressive grantmaking areas of emphasis from each casino license holder. In the space allowed on each QSO's page, it would be difficult to list all their grants awarded. They are all available to review; I encourage you to visit the Iowa Gaming Association's website at [www.iowagaming.org](http://www.iowagaming.org), and click on "Our Members/License Holders" to find links to their grant application, guidelines, and archives of each of the recent years' grant distributions. This ongoing casino-QSO relationship has truly been a tremendous success story benefitting many Iowans; and this year is no exception - enjoy seeing these summaries in the following pages!

## Black Hawk County Gaming Association

**Date Organized:** July, 2003

**Contact:** Beth Knipp, Executive Director  
319-433-1153  
Beth.Knipp@bhcgga.org

**Website:** www.bhcgga.org

**Nonprofit License Holder For:**  
Isle Casino, Waterloo

**List of Board Members:** Debra Corson, Sarah Craft, Geof Grimes, Eric Johnson, Paul Lee, Ann Lyons, Dick McAllister, Kent McCausland, Keyaira Phillips, Carolyn Rafferty, Betsy Ratchford, Jim Schaefer, Alice Shirey, Mark Thome, Joe Vich, Kate Wyatt

**Geographical Area Served:** The primary funding focus is for projects located in Black Hawk County. Up to 10% of yearly revenue is awarded to eligible projects in Bremer, Buchanan, Butler, Chickasaw, Grundy, and Tama counties.

**Total Number of Grants Committed in 2019:** 57

**Total Amount in Grants Awarded in 2019:** \$4,538,958

### List of Primary Grant Emphasis Areas:

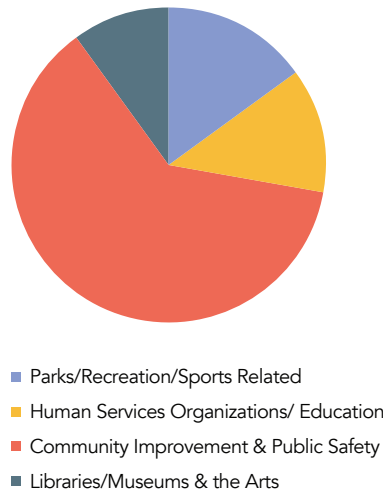

**Community Improvement and Public Safety** – Community Improvement grant awards encourage municipalities in Black Hawk County the opportunity to submit larger grant applications which focus on quality of life and enhance the image or appearance of their community. Public Safety awards help keep residents safe and support in this category relieves the tax burden for cities. Funding also supports public safety equipment for Fire, Police, Ambulance, and Emergency Management Departments.

**Libraries, Museums, Community Events, and the Arts** – Public library facility improvements and equipment, museum capital projects, and exhibits and improvements for art/theater organizations. Funding in this category adds to overall quality of life for residents.

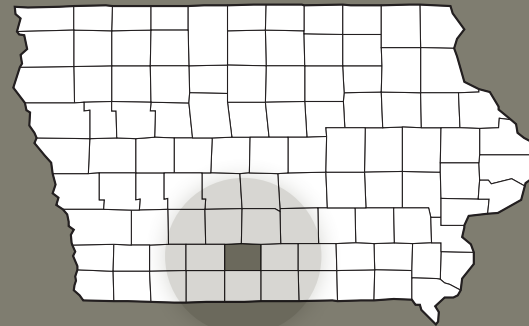

**Nonprofit Human Service Organizations and Education** – Qualified 501(c3) and 501(c1)9 organizations with a focus on meeting a variety of basic human needs are funded in this category. Organizations which provide a commitment to improving the overall quality of life in the service area are considered for funding in this category. It also includes funding awards to projects which benefit education.

**Parks/Recreation/Sports-Related Projects** – Investments in quality of life and community vitality projects benefit the entire service area. Whether it is engaging in physical fitness activities, exploring the natural wonders of the outdoors, purchasing capital equipment or park and trail improvements, funding in this category supports and enriches public spaces and public places, parks and sports related projects.

**Summary of Primary Emphasis:** Black Hawk County Gaming Association is interested in awarding funds that make the Cedar Valley a stronger, better place to live. It places emphasis on proposals that enhance public facilities, create, replace or upgrade substantial capital items, or create new opportunities where none now exist. Projects must demonstrate the ability to leverage at least 50% of funds from other sources and must demonstrate sustainability into the future for the project. Funding is limited to the seven-county region and to qualified, eligible 501(c3) or 501(c1)9 organizations located in the geographic service area. Funding requests from counties other than Black Hawk are accepted once each year and must first apply to their local county foundation for support. The grant management process is online at [www.bhcgga.org](http://www.bhcgga.org).

## Clarke County Development Corporation

**Date Organized:** August, 1969

**Contact:** Bill Trickey, Executive Director

**Website:** [www.clarkecountyiowa.com](http://www.clarkecountyiowa.com)

**Nonprofit License Holder For:**  
Lakeside Casino and Hotel, Osceola

**List of Board Members:** James Kimball, MD, Richard Buesch, Kevin Emanuel, Brian Evans, Jason Gibbs, David Hoadley, Helen Kimes, Amy Lampe, Dan Sullivan, Doug Miller, Todd Thompson, David Walkup, Sue Wilder

**Geographical Area Served:** Clarke County

**Total Number of Grants Committed in 2019:** 24

**Total Amount of Grants Awarded in 2019:** \$1,200,000

### List of Primary Grant Emphasis Areas:

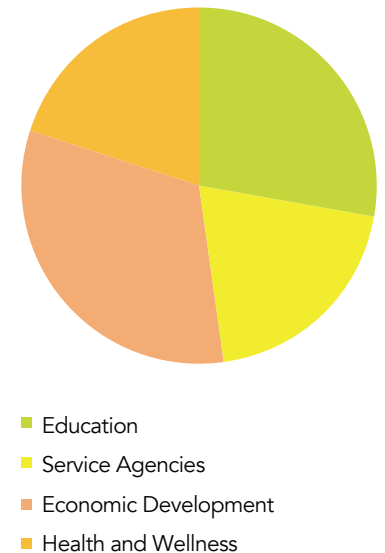

**Health and Wellness** - Along with access to quality healthcare, we are concerned about attracting physicians to our community. And of course, mental health is an area we are committed to improving. Our ongoing commitment to a quality trail system is part of this effort as well.

**Education** - Collaboration among our employers and our educators has led to increased awareness among our youth regarding career opportunities and the preparation necessary. We also strive to insure our schools have the latest technology available.

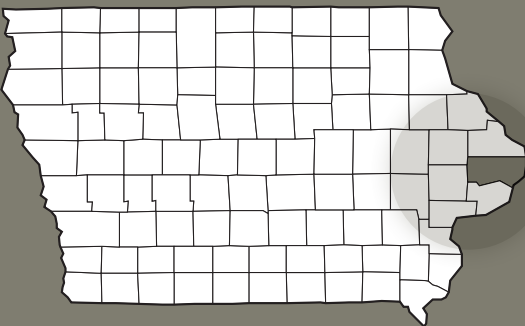

**Economic Development** - Working with local government agencies we strive to help fund projects that will insure the continued infrastructure necessary for sustaining growth in the private sector. These funds also include projects that improve the appearance of the community.

**Service Agencies** - We provide funding to a broad cross section of non profit agencies who provide needed services to members of our community needing assistance. An example is the Fern Underwood Free Swim Night at the local Aquatic Center.

**Summary of Primary Emphasis:** The Clarke County Development Corporation works collaboratively with a broad cross section of the community. This collaboration includes the County Engineer, Emergency Management Services, and Soil and Water Conservation. At the city level it works closely with the City Council, Law Enforcement, Parks and Recreation, and the Utilities. It works closely with both the Clarke Community School District, the Murray Community School District, and South Western Community College. The collaboration also includes the Clarke County Hospital, Clarke County Health Department and elderly care facilities. Each fall we host a community development forum aimed at furthering cooperation and collaboration among all of our community development agencies and stakeholders. Additionally, we host an annual planning retreat with representatives from the primary stakeholders present. This event identifies the community's priorities and areas of concern for the upcoming year. Many of the grants awarded have their origin in these sessions.

# Clinton County Development Association

**Date Organized:** March 1989  
**Contact:** Jennifer Gutierrez, Administrative Agent  
563-242-5702  
admin@clintoncountydevelopment.org  
**Website:** www.clintoncountydevelopment.org  
**Nonprofit License Holder For:**  
Wild Rose Casino, Clinton  
**List of Board Members:** Matthew Stammeyer, Les Shields, Margaret Wolf, David Sivright, Tom Fullerton, Brenda Kay, Alice Schnepel, Brig Tubbs, Jerome Burken, Ed Hupfer, Kim Clasuen

**Geographical Area Served:** Eastern Iowa (Primarily Clinton County)  
**Total Number of Grants Committed in 2019:** 79  
**Total Amount in Grants Awarded in 2019:** \$807,000  
**List of Primary Grant Emphasis Areas:**

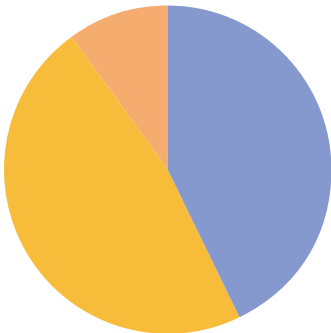

**Human Services/Education** - The CCDA has been dedicated to the task of providing support for projects and initiatives that promote healthier and safer lifestyles for all residents of Clinton County. Projects include: Prince of Peace Child Care, Calamus-Wheatland Schools Clinton Community Schools ADA compliant playgrounds, and DeWitt Schools restroom facility.

**Quality of Life and Recreation** - The CCDA is a proud contributor to the vast array of recreational opportunities available in Clinton County. Projects included: Low Moor ball park improvement, Clinton County Conservation Board Park officer law enforcement equipment, and Goose Lake Fire Dept. SCBA Replacement.

**Community and Environment** - Community groups have organized to develop, facilitate and implement innovative initiatives that achieve community development goals and contribute to the well-being of our citizens and our natural environment. The CCDA takes pride in assisting other community-minded organizations with building strong foundations for today and tomorrow. Projects include: Curtis Historical Foundation Carriage house roof, Salvation Army furnace, American Legion Post Veterans Memorial.

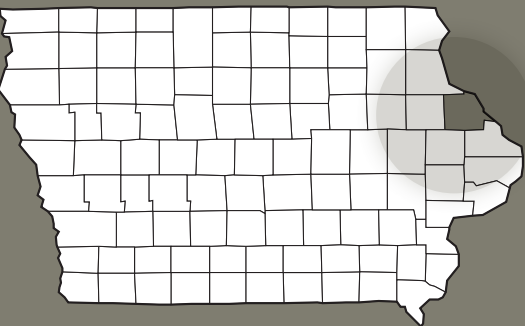

**Summary of Primary Emphasis:** The CCDA supports numerous nonprofit organizations and their projects within Clinton County, Iowa. We do not recognize an area or project type for emphasis, however do remain alert for those projects that have the potential for economic development and increased employment opportunities. Projects for life saving protective equipment for fire departments have been well received.

We do not use a rubric or scoring method, but rather have each Board Member independently evaluate and rate (score) all grant applications determined to be eligible for CCDA funding. Projects that capture the hearts, minds, and imagination of a larger portion of Clinton County seem to receive higher scores. Those ratings are compiled and averaged, and funding allocations are spread across as much of the applicant field as possible. It should be no surprise that applications for funding seem to always outstrip the amount of available funds to grant.

**Summary of Primary Emphasis:** The Regional Development Authority (RDA) strategically funds initiatives to create a vibrant, inclusive, and growing community. We strive to accomplish our mission through promoting and participating in partnerships with all sectors of our community. We emphasize initiatives that create measurable outcomes in economic development, human services, education, and the arts, culture, and heritage of our community. RDA supports deeper community involvement through collaboration, volunteerism, and leveraged resources. We encourage applicants to consider how their proposals contribute to building a more inclusive community. RDA has been active in helping to develop Scott County and the associated metropolitan area as vibrant tourism destinations through funding amenities and marketing for the many great attributes of the region. Demonstration, by applicant organizations, of moving towards sustainability is a key objective.
