Iowa Council of Foundations

The Iowa Council of Foundations (ICoF) was originally organized in 1998 as an informal network of grantmakers across the state. Since that time, the organization has engaged in numerous activities that promote philanthropy

in Iowa. The mission of the ICoF is to strengthen and grow philanthropy in Iowa, doing so through educational programming and providing networking opportunities. For a complete list of members and information on joining, visit www.IowaCouncilofFoundations.org. For more information on the ICoF's Iowa Community Foundations Initiative, visit www.IowaCommunityFoundations.org.

Iowa Gaming Association

Iowa Gaming Association

The IGA is an advocate for its member casinos, which are a viable part of the state's economy and add value to the entertainment and tourism industry. The IGA's members are:

Ameristar Casino – Council Bluffs; Casino Queen

– Marquette; Catfish Bend Casino – Burlington; Diamond Jo Casino – Dubuque; Diamond Jo Worth Casino – Northwood; Grand Falls Casino Resort – Larchwood; Hard Rock Casino – Sioux City; Harrah's Casino Hotel – Council Bluffs; Horseshoe Casino – Council Bluffs; Isle Casino Hotel – Bettendorf; Isle Casino Hotel – Waterloo; Lakeside Hotel and Casino – Osceola; Prairie Meadows – Altoona; Q Casino – Dubuque; Riverside Casino and Golf Resort – Riverside; Rhythm City Casino – Davenport; Wild Rose Casino – Clinton; Wild Rose Casino – Emmetsburg; and Wild Rose Casino – Jefferson.

Iowa Economic Development Authority (IEDA)

The IEDA mission is to strengthen economic and community vitality by building partnerships and leveraging resources to make Iowa the choice for people and business. Through our two main divisions – business development and community development – IEDA administers several state and federal programs to meet its goals of assisting individuals, communities, and businesses. Supporting philanthropic endeavors around Iowa pays off in a big way for communities around our state. Tax credit programs administered by the Iowa Economic Development Authority help encourage these important philanthropic investments in community funds. IEDA is proud to administer the County Endowment Fund in cooperation with the Iowa Council of Foundations.

A Catalyst for Philanthropic Partnerships

Iowa communities faced significant challenges this year as we all navigated the COVID-19 pandemic, derecho response and recovery, and connecting with and serving others in new ways. These are moments when philanthropy shines by filling gaps, providing needed resources for nonprofit organizations and charitable causes, and leveraging additional resources for communities of all sizes. As community foundations find solutions for communities large and small, urban and rural – it is the collective work of these organizations that has the most profound impact.

In Iowa alone, community foundations collectively raised and/or committed more than \$9.4 million to support local pandemic response efforts and then in August raised an additional \$2 million to support derecho recovery. The response in each area was based on each community's or county's specific needs. Community foundations went beyond financial support to help their communities adapt during this critical time by supporting nonprofits, schools, and small businesses through partnerships with public institutions in cities, states, and in cooperation with the federal government.

In many communities, these investments were made when participating County Endowment Fund Program counties deployed dollars through their annual competitive grant programs and, in some cases, through new emergency grant processes. The County Endowment Fund Program annually redistributes a percentage of commercial casinos' gaming tax revenues. Of that annual distribution, the recipients grant 75 percent directly to local nonprofits and charitable causes in their communities and the remaining 25 percent is added to each county's unrestricted endowment fund to provide a permanent source of funding for future projects and programs. Each county's endowment fund is intended to attract additional donations and provide a permanent source of funding to support county and community needs forever. It is these endowed funds that equip local leaders with charitable dollars to respond, when needed, to emergent challenges their communities face.

Since the County Endowment Fund Program began in 2004, over 30,500 grants have been made to invest over \$117 million across Iowa. Alongside this investment, the Endow Iowa tax credit program has leveraged over \$311 million in gifts to permanent endowed funds in Iowa. Nationally accredited community foundations help administer both programs. These state-legislated programs are not just innovative here in Iowa, but in the entire philanthropic field. Both have positioned Iowa as a leader in community-based philanthropy and have also positioned Iowa communities for success now and in the future.

In addition to the work of community foundations, regulated licensed casinos in Iowa are required to contribute a portion of their revenues to area nonprofits and community projects. These grants are distributed by a nonprofit license holder, or Qualified Supporting Organization (QSO). These investments provide millions of dollars to fund projects in counties that do hold state-issued gaming licenses and beyond. A detail of casino grantmaking and County Endowment Fund Program grants for 2019-2020 are highlighted in this annual report.

We continue to express our gratitude to the legislators for their ongoing partnership and support for these programs, along with the Endow Iowa tax credit program. We invite you to connect with and learn more about your local community foundation and the positive work they are doing to make your community a great place to live now and well into the future!

The County Endowment Fund Program (HF 2302)

The state of Iowa is unique in that it has two legislated programs focused on increasing philanthropic activity to enhance the quality of life for Iowans. Both programs, the Endow Iowa Tax Credit program and the County Endowment Fund Program, are implemented through local community foundations.

Created in 2004, the County Endowment Fund Program (HF 2302) is funded by a percentage of the state's commercial gaming tax revenue. Initially, the amount was one half of one percent (0.5%) of the gaming tax revenue; this was increased to eight-tenths of one percent (0.8%) in 2006. These funds are distributed annually to participating community foundations and affiliate community foundations associated with counties without a state-issued gaming license.

For more information about Endow Iowa visit www.IowaCommunityFoundations.org.

What Is a Community Foundation?

Community foundations are tax-exempt, nonprofit organizations established to meet the current and future needs of local communities. They are trusted and valuable resources for individuals, families, businesses, nonprofit organizations, and professional advisors working to build local philanthropy, with a focus on creating endowments for the long-term benefit of charitable projects and programs.

Community foundations provide grant support for a broad range of community needs such as arts and culture, health, human services, and historic preservation. Because a community foundation carries the status of a publicly supported nonprofit, it also grows assets through contributions from many donors. A community foundation often has numerous funds as part of its total assets. Scholarship funds, agency endowment funds, and donor-advised funds all allow donors to make a charitable impact in the area of interest to them. Collectively, nearly 1,700 Iowans volunteer their time and energy toward bettering their community through work with a community foundation in Iowa.

An affiliate community foundation is a component of a community foundation which is a fund or collective of funds advised by a group of leaders in a specific geographic area. For example, there may be eight community leaders in XYZ County who advise grants from a charitable fund and rely on a "host" community foundation to be responsible for all of the administrative requirements of those charitable funds.

Most commonly in Iowa, community foundations that have affiliate funds approach the administration of those funds similar to administering an entire community foundation, but as a component of the larger, host community foundation. These funds are then monitored by a local collective of people from the geographic area being served.

How County Endowment Funds are Used

The County Endowment Fund Program stipulates that the countywide community foundations that participate in the program distribute 75% of the annually allocated funds to charitable projects/programs within their counties. The remaining 25% is used to build the unrestricted endowment fund for that county to provide future grant support.

Community foundation grantmaking is done at the local level. Each county develops its grant distribution process and involves local citizens to review and allocate funding to charitable projects/programs that impact a broad range of a community's well-being. Because of this local involvement, grant awards vary from year to year, based on current and emerging needs. Each of the 84 counties that participated in this program submitted reports to the Iowa Council of Foundations and the Iowa Economic Development Authority. These reports outline the grant award recipients and provide additional information about each community foundation; the results are outlined on pages 8 – 49.

Casinos' Nonprofit Organizations Provide Millions of Dollars in Grants Annually

Each of the 19 commercial casinos located in 15 Iowa counties is required to share its license with a Qualified Sponsoring Organization (QSO). These QSOs receive a contractual percentage portion from their respective casino's gaming revenue to annually reinvest in numerous charitable and civic needs. Like many other businesses, unfortunately the Covid-19 pandemic has adversely affected casinos' to have less revenue available for grants this year – especially their being closed for 11 weeks to help curb the community spread.

They each operate with their own board of directors as an 'arms-length' decision making nonprofit entity. These QSO boards each establish the criteria that is best suited to their region for the types of grants they will consider funding; their primary areas of emphasis vary based on what will best benefit their areas. 2020 was certainly an impactful year that required new focus on what grants could be considered to help the most.

Categories include:

Cultural and Historical Attractions

Healthy Families

Parks and Recreation

Environmental Education

Community Improvement

Churches and Patriotism

Governmental and Libraries

Economic and Community Development

Youth

Public Safety

Services Agencies and Human Services

Thousands of grant applications are received each year requesting dollars for a diverse array of community and charitable causes. Considerable deliberation takes place by the respective board of directors to score these requests to then award millions of dollars to many worthwhile initiatives – in 2019 it resulted in 978+ grants totaling nearly \$106 million!

On the following pages you will see a summary of those impressive grantmaking areas of emphasis from each casino license holder. In the space allowed on each QSO's page, it would be difficult to list all their grants awarded. They are all available to review; I encourage you to visit the Iowa Gaming Association's website at www.iowagaming.org, and click on "Our Members/License Holders" to find links to their grant application, guidelines, and archives of each of the recent years' grant distributions.

This ongoing casino-QSO relationship has truly been a tremendous success story benefitting many Iowans; and this year's challenges is no exception - enjoy reviewing these summaries in the following pages!

Nonprofit License Holder For:
Isle Casino, Waterloo

List of Board Members: Scott Becker, Debra Corson, Sarah Craft, Mark Gallagher, Geof Grimes, Eric Johnson, Paul Lee, Keyah Levy, Ann Lyons, Richard McAlister, Carolyn Rafferty, Betsy Ratchford, Dave Richter, Jim Schaefer, Alice Shirey, Kate Wyatt, Linda Laylin (Black Hawk County Ex-officio representative) Jerome Amos (City of Waterloo Ex-officio representative)

Geographical Area Served: The primary funding focus is for projects located in Black Hawk County. Up to 10% of yearly revenue is awarded to eligible projects in Bremer, Buchanan, Butler, Chickasaw, Grundy, and Tama counties.

Total Number of Grants Committed in 2020: 15

Total Amount in Grants Awarded in 2020: \$641,594

List of Primary Grant Emphasis Areas:

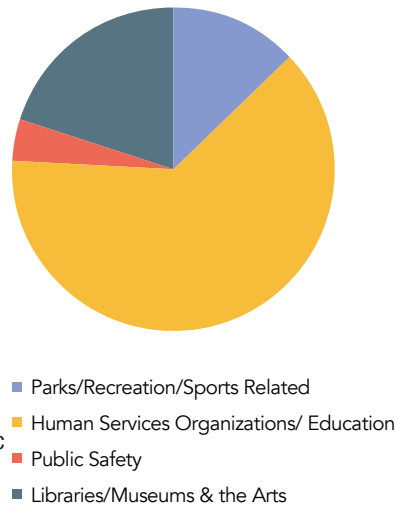

Community Improvement and Public Safety – Community Improvement grant awards encourage municipalities in Black Hawk County the opportunity to submit larger grant applications which focus on quality of life and enhance the image or appearance of their community. Public Safety awards help keep residents safe and support in this category relieves the tax burden for cities. Funding also supports public safety equipment for Fire, Police, Ambulance and Emergency Management providers.

Libraries, Museums, Community Events, and the Arts – Public library facility improvements and equipment, museum capital projects, and exhibits and improvements for art/theater organizations. Funding in this category makes our communities stronger, better places to live.

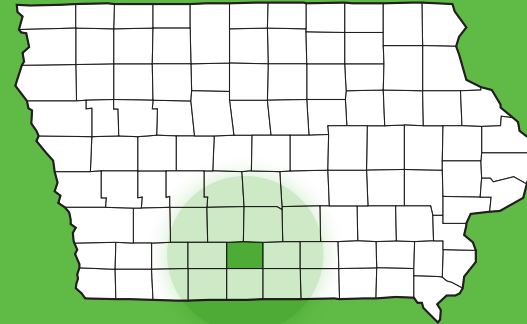

Human Service Nonprofit Organizations and Education – Qualified 501c3 and 501c19 organizations with a focus of meeting a variety of basic human needs are funded in this category. Organizations which provide a commitment to improving the overall quality of life in the service area are considered for funding in this category. This category also includes funding support to projects which benefit education.

Parks/Recreation/Sports-Related Projects – Investments in quality of life and community vitality projects benefit the entire service area. Whether it is investing in signature projects like the Cedar Valley Sports Plex or support for parks, trails, and nature centers in the service area funding in this category enriches public spaces and public places for the enjoyment of the entire community.

Summary of Primary Emphasis: Black Hawk County Gaming Association is interested in awarding funds that make the Cedar Valley a stronger, better place to live. It places emphasis on proposals that enhance public facilities, create, replace, or upgrade substantial capital items, or create new opportunities where none now exist. Projects must demonstrate the ability to leverage at least 50% of funds from other sources and must demonstrate sustainability into the future for the project. Funding is limited to the seven-county region and to qualified, eligible 501c3 or 501c19 organizations located in the service area. Funding requests from counties other than Black Hawk are accepted and considered once each year and must first apply to their local county foundation to be eligible. Visit the online grant management process for more information at www.bhcgga.org.

Clarke County Development Corporation

Website: www.clarkecountyiaowa.com

Nonprofit License Holder For:
Lakeside Casino and Hotel, Osceola

List of Board Members: James Kimball, MD, Richard Buesch, Kevin Emanuel, Brian Evans, Dave Opie, David Hoadley, Helen Kimes, Amy Lampe, Brian Flaherty, Doug Miller, Todd Thompson, Daniel Sullivan, Sue Wilder

Geographical Area Served: Clarke County

Total Number of Grants Committed in 2020: 14

Total Amount of Grants Awarded in 2020: \$810,500

List of Primary Grant Emphasis Areas:

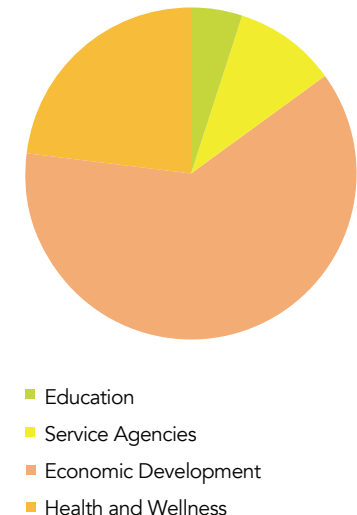

Health and Wellness - Along with access to quality healthcare, we are concerned about attracting physicians to our community. And of course, mental health is an area we are committed to improving. Our ongoing commitment to a quality trail system is part of this effort as well.

Education - Collaboration among our employers and our educators has led to increased awareness among our youth regarding career opportunities and the preparation necessary. We also strive to insure our schools have the latest technology available.

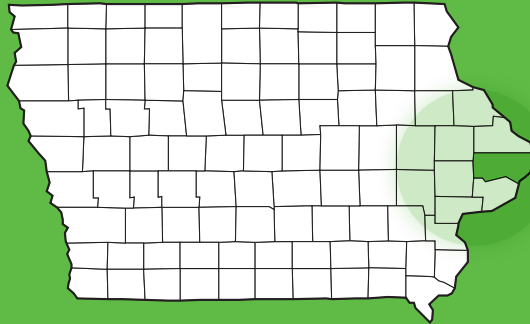

Economic Development - Working with local government agencies we strive to help fund projects that will insure the continued infrastructure necessary for sustaining growth in the private sector. These funds also include projects that improve the appearance of the community.

Service Agencies - We provide funding to a broad cross section of non profit agencies who provide needed services to members of our community needing assistance. An example is the Fern Underwood Free Swim Night at the local Aquatic Center.

Summary of Primary Emphasis: The Clarke County Development Corporation works collaboratively with a broad cross section of the community. This collaboration includes the County Engineer, Emergency Management Services and Soil and Water Conservation. At the City level it works closely with the City Council, Law Enforcement, Parks and Recreation and the Utilities. It works closely with both the Clarke Community School District, the Murray Community School District and South Western Community College. The collaboration also includes the Clarke County Hospital, Clarke County Health Department and Elderly Care facilities. Each Fall we host a Community development Forum aimed at furthering cooperation and collaboration among all of our Community Development agencies and stakeholders. Additionally, we host an annual Planning Retreat with representatives from the primary stake holders present. This event identifies the community's priorities and areas of concern for the upcoming year. Many of the grants awarded have their origin in these sessions.

Clinton County Development Association

Website: www.clintoncountydevelopment.org

Nonprofit License Holder For:
Wild Rose Casino, Clinton

List of Board Members: Matthew Stammeyer, Les Shields, Margaret Wolf, David Sivright, Tom Fullerton, Brenda Kay, Alice Schnepel, Brig Tubbs, Jerome, Burken, Ed Hupfer, Kim Clausen

Geographical Area Served: Eastern Iowa (Primarily Clinton County)

Total Number of Grants Committed in 2020: 14

Total Amount in Grants Awarded in 2020: \$580,000

List of Primary Grant Emphasis Areas:

Education - The CCDA has been dedicated to the task of providing support for the area education facilities. An example is the Camanche Community School District ACT programming.

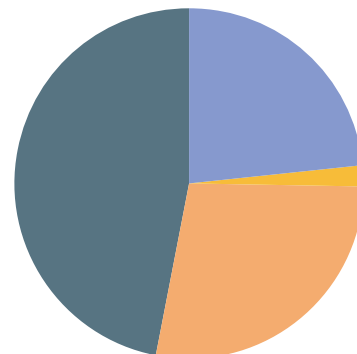

Recreation/ Art - The CCDA is a proud contributor to the vast array of recreational opportunities available in Clinton County. Projects include: City of Calamus playground equipment; Central Saber Athletic Boosters Club concessions remodel; Clinton County Historical Society HVAC project; Fishing has no Boundaries rock creek recreation enhancements; Midwest Lumber Museum university exhibit and YWCA pool locker room updates.

Safety - The CCDA is continually contributing to the safety of the county communities. For example: Charlotte Fire Fighters Association air packs; City of Clinton Fire Department PPE replacement and Lost Nation Fire Department firefighting gear.

Health and Human Services - The CCDA takes pride in providing support for projects that promote healthier lifestyles such as: Skyline Center handicap accessible van and DeWitt Community Hospital Foundation's assisted living center project.

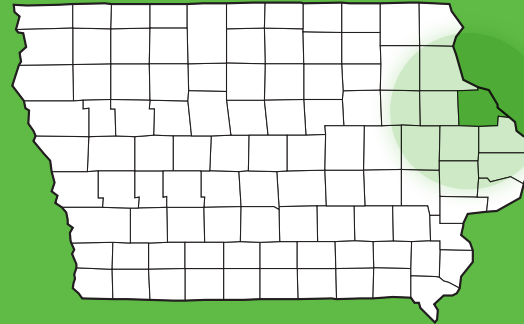

Summary of Primary Emphasis: The CCDA supports numerous nonprofit organizations and their projects within Clinton County, Iowa. We do not recognize an area or project type for emphasis, however, do remain alert for those projects that have the potential for economic development and increased employment opportunities. Projects for life saving protective equipment for fire departments have been well received.

We do not use a rubric or scoring method, but rather have each Board Member independently evaluate and rate (score) all grant applications determined to be eligible for CCDA funding. Projects that capture the hearts, minds, and imagination of a larger portion of Clinton County seem to receive higher scores. Those ratings are compiled and averaged, and funding allocations are spread across as much of the applicant field as possible. It should be no surprise that applications for funding seem to always outstrip the amount of available funds to grant.

Human Services/ Health Services - delivery van for pantry supplies to homebound, cancer treatment support kits, stocking pantry shelves, equal access public transportation.

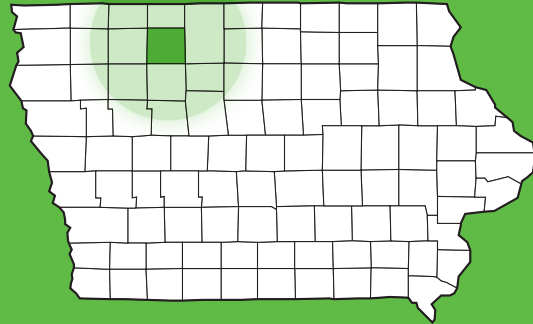

Summary of Primary Emphasis: While COVID shutdown temporarily disrupted our "normal" annual giving slightly, MRHD has the following normal grants each year. (1) Scholarships to the four colleges located in Woodbury County (\$300,000) (2) Annual support of the Lewis and Clark Interpretive Center and Betty Strong Encounter Center (\$550,000). This complex is a major tourist draw (economic development) and provides weekly educational and entertainment programs for adults and children with a history theme (cultural) and educates thousands of school children during class trips each spring (educational). We have split this grant among the categories above. (3) Three additional separate grant cycles each year are available to any non-profit or local government agencies in Woodbury County or adjacent Iowa counties, if the project also benefits Woodbury County residents. (These 3 normal annual grant cycles total \$1,600,000 per year and cover all classes of recipients above).

In addition to the normal annual grants listed above, MRHD has responded to emergency needs (for example \$150,000 Covid relief granted in October 2020), urgent economic development opportunities, (for example, air service guarantee to help secure improved air service) and major multi-year support of mega community projects, including grants to the City of Sioux City of \$1,000,000 each for recreational trails, the newly opened Siouxland Expo Center, and Missouri River riverfront development.
