Iowa Council of Foundations

The Iowa Council of Foundations (ICoF) was originally organized in 1998 as an informal network of grantmakers across the state. Since that time, the organization has engaged in numerous activities that promote philanthropy

in Iowa. The mission of the ICoF is to strengthen and grow philanthropy in Iowa, doing so through educational programming and providing networking opportunities. For a complete list of members and information on joining, visit www.IowaCouncilofFoundations.org. For more information on the ICoF's Iowa Community Foundations Initiative, visit www.IowaCommunityFoundations.org.

Iowa Gaming Association

Iowa Gaming Association

The IGA is an advocate for its member casinos, which are a viable part of the state's economy and add value to the entertainment and tourism industry. The IGA's members are:

Ameristar Casino – Council Bluffs; Casino Queen

– Marquette; Catfish Bend Casino – Burlington; Diamond Jo Casino – Dubuque; Diamond Jo Worth Casino – Northwood; Grand Falls Casino Resort – Larchwood; Hard Rock Casino – Sioux City; Harrah's Casino Hotel – Council Bluffs; Horseshoe Casino – Council Bluffs; Isle Casino Hotel – Bettendorf; Isle Casino Hotel – Waterloo; Lakeside Hotel and Casino – Osceola; Prairie Meadows – Altoona; Q Casino – Dubuque; Riverside Casino and Golf Resort – Riverside; Rhythm City Casino – Davenport; Wild Rose Casino – Clinton; Wild Rose Casino – Emmetsburg; and Wild Rose Casino – Jefferson.

Iowa Economic Development Authority (IEDA)

The IEDA mission is to strengthen economic and

community vitality by building partnerships and leveraging resources to make Iowa the choice for people and business. Through our two main divisions – business development and community development – IEDA administers several state and federal programs to meet its goals of assisting individuals, communities and businesses. Supporting philanthropic endeavors around Iowa pays off in a big way for communities around our state. Tax credit programs administered by the Iowa Economic Development Authority (IEDA) help encourage these important philanthropic investments in community funds. IEDA is proud to administer the County Endowment Fund in cooperation with the Iowa Council of Foundations (ICoF).

A Catalyst for Philanthropic Partnerships

Philanthropy has helped shape communities and counties across Iowa into vibrant places to live, work, raise families and retire.

In 2019, we celebrate the 15th anniversary of the County Endowment Fund Program and grantmaking of regulated licensed casinos in Iowa. Since 2004, the legislature has maintained their commitment to two unique programs which allow local community leaders to fund projects which help each county meet the specific philanthropic needs of their area. This work is building for our future – today.

Both programs, the County Endowment Fund Program and the Endow Iowa Tax Credit Program, are implemented through local community foundations. Seventeen nationally accredited community foundations help administer both programs in each of Iowa's 99 counties. These two legislated programs focus on increasing philanthropic activity to enhance the quality of life for Iowans.

The County Endowment Fund Program redistributes a percentage of commercial casinos' gaming tax revenues annually. This initiative invests dollars in permanent county endowment funds, while also providing grant funds to nonprofit organizations in the 84 counties that do not hold a state-issued gaming license.

Of that annual distribution, the community foundations grant 75 percent directly to local nonprofits and charitable causes in their communities and the remaining 25 percent is added to each county's unrestricted endowment fund to provide a permanent source of funding for future projects and programs. Through these annual distributions, \$97.7 million has been granted out in communities since inception.

Designed to provide grants for nonprofits and encourage endowment growth, the program, along with the Endow Iowa Tax Credit Program, has helped secure over \$838 million in endowed assets at community foundations in the state. These endowment funds ensure nonprofits and counties have a sustainable source of philanthropic revenue that will help create positive change in their communities for years to come.

In addition to the work of community foundations, regulated licensed casinos in Iowa are required to contribute a portion of their revenues to area nonprofits and community projects. These investments provide millions of dollars to fund projects in counties that do hold state-issued gaming licenses and beyond. A detail of casino grantmaking and County Endowment Fund Program grants for 2017-2018 are highlighted in this annual report.

These innovative programs endorsed by our state elected officials have allowed communities in Iowa to maintain their identities through funding projects, leveraging additional dollars, and enhancing economic and public-private partnership projects. We express our gratitude to the legislators for their ongoing support for this program, along with the Endow Iowa Tax Credit program.

Benefits can be seen in every county in Iowa. We are grateful for the legislature's longstanding commitment to these programs. We invite you to connect with and learn more about your local community foundation and the transformative work happening now which is sure to benefit many future generations of Iowans!

The County Endowment Fund Program (HF 2302)

The state of Iowa is unique in that it has two legislated programs focused on increasing philanthropic activity to enhance the quality of life for Iowans. Both programs, the Endow Iowa Tax Credit program and the County Endowment Fund Program, are implemented through local community foundations.

Created in 2004, the County Endowment Fund (HF 2302) Program is funded by a percentage of the state's commercial gaming tax revenue. Initially, the amount was one half of one percent (0.5%) of the gaming tax revenue; this was increased to eight-tenths of one percent (0.8%) in 2006. These funds are distributed annually to participating community foundations and affiliate community foundations associated with counties without a state-issued gaming license.

For more information about Endow Iowa, and a timeline of key dates in the history of both programs, visit www.IowaCommunityFoundations.org.

What Is a Community Foundation?

Community foundations are tax-exempt, nonprofit organizations established to meet the current and future needs of local communities. They are trusted and valuable resources for individuals, families, businesses, nonprofit organizations and professional advisors working to build local philanthropy, with a focus on creating endowments for the long-term benefit of charitable projects and programs.

Community foundations provide grant support for a broad range of community needs such as arts and culture, health, human services and historic preservation. Because a community foundation carries the status of a publicly supported nonprofit, it also grows assets through contributions from many donors. A community foundation often has numerous funds as part of its total assets. Scholarship funds, agency endowment funds and donor-advised funds all allow donors to make a charitable impact in the area of interest to them. Collectively, nearly 1,700 Iowans volunteer their time and energy toward bettering their community through work with a community foundation in Iowa.

An affiliate community foundation is a component of a community foundation that is a fund or collective of funds that is advised by a group of leaders in a specific geographic area. For example, there may be eight community leaders in XYZ County who advise grants from a charitable fund and rely on a "host" community foundation to be responsible for all of the administrative requirements of those charitable funds.

Most commonly in Iowa, community foundations that have affiliate funds approach the administration of those funds similar to administering an entire community foundation, but as a component of the larger, host community foundation. These funds are then monitored by a local collective of people from the geographic area being served.

How County Endowment Funds are Used

The County Endowment Fund Program stipulates that the county wide community foundations that participate in the program distribute 75% of the annually allocated funds to charitable projects/programs within their counties. The remaining 25% is used to build the unrestricted endowment fund for that county to provide future grant support.

Community foundation grant making is done at the local level. Each county develops its grant distribution process and involves local citizens to review and allocate funding to charitable projects/programs that impact a broad range of a community's well-being. Because of this local involvement, grant awards vary from year to year, based on current and emerging needs. Each of the 84 counties that participated in this program submitted reports to the Iowa Council of Foundations and the Iowa Economic Development Authority. These reports outline the grant award recipients and provide additional information about each community foundation; the results are outlined on pages 8 – 49.

Casinos' Nonprofit Organizations Provide Millions of Dollars in Grants Annually

Each of the 19 commercial casinos located in 15 Iowa counties is required to share its license with a Qualified Sponsoring Organization (QSO), who each operate with their own board of directors as an 'arms-length' decision making nonprofit entity. These QSO's receive a contractual percentage portion from their respective casino's gaming revenue to annually reinvest in numerous charitable and civic needs.

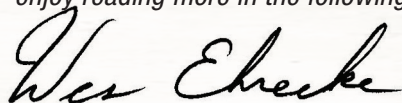

The boards each establish the criteria that is best suited to their region for the types of grants they will consider funding; their primary areas of emphasis vary based on what will best benefit their areas. Categories include:

**Healthy Families
Parks and Recreation
Human Services
Environmental
Education
Churches and Patriotism
Governmental
Cultural and Historical Attractions
Economic and Community Development
Youth
Placemaking
Public Safety**

Thousands of grant applications are received each year requesting dollars for a diverse array of community and charitable causes. Considerable deliberation takes place by the respective board of directors to score these requests to then award millions of dollars to many worthwhile initiatives – in 2018 it resulted in 1400+ grants totaling over \$85 million!

On the following pages you will see a summary of those impressive grant-making areas of emphasis from each casino license holder. In the space allowed on each QSO's page, it would be difficult to list all their grants awarded. They are all available to review; I encourage you to visit the Iowa Gaming Association's website at www.iowagaming.org, and click on "Our Members/License Holders" to find links to their grant application, guidelines and archives of each of the recent years' grant distributions.

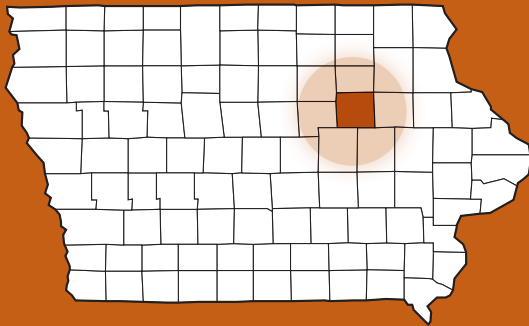

This ongoing casino-QSO relationship has truly been a success story benefitting many Iowans; and how exciting that it gets repeated each year - enjoy reading more in the following pages!

Iowa Gaming Association

Black Hawk County Gaming Association

Date Organized: July, 2003

Contact: Beth Knipp, Executive Director
319-433-1153
Beth.Knipp@bhcgga.org

Website: www.bhcgga.org

Nonprofit License Holder For:
Isle Casino, Waterloo

List of Board Members: Tim Hurley, Noreen Hermansen, Mark Thome, Richard McAlister, Debra Corson, Sarah Craft, Geof Grimes, Eric Johnson, Paul Lee, Carolyn Rafferty, Kent McCausland, Keyaira Miller, Betsy Ratchford, Jim Schaefer, Joe Vich and Kate Wyatt

Geographical Area Served: The primary funding focus is for projects located in Black Hawk County. Up to 10% of yearly revenue is awarded to eligible projects in Bremer, Buchanan, Butler, Chickasaw, Grundy and Tama counties.

Total Number of Grants Committed in 2018: 57

Total Amount in Grants Awarded in 2018: \$4,933,522

List of Primary Grant Emphasis Areas:

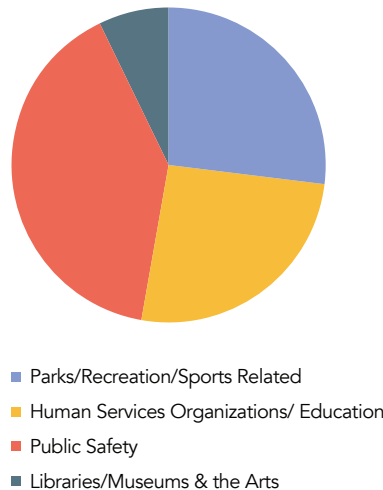

Public Safety – Any community's greatest asset is the people who live and work there. Keeping residents' safe is a top priority. Adequate access to life-saving and protective equipment is expensive and a tax burden for municipalities. Funding in this category supports public safety entities such as Fire, Police, Ambulance, Emergency Management and projects which support security infrastructure or improve community safety.

Libraries, Museums, Community Events and the Arts – Public library facility improvements and equipment, museum capital projects and exhibits and improvements for art/theater organizations and programs.

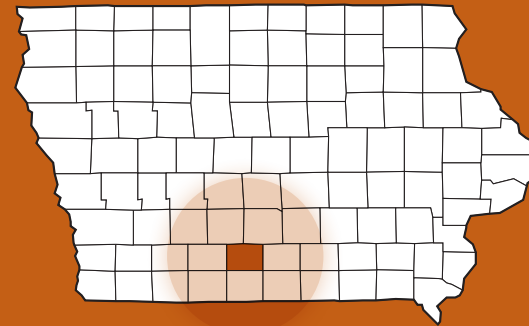

Human Services (Health) and Education – 501c3 organizations with a focus on meeting a variety of human needs and maintaining a commitment to improving the overall quality of life. Grants awarded in this focused category help to provide important services to people in the Cedar Valley. This category also includes funding awards to organizations focused on education.

Parks/Recreation/Sports-Related Projects – Investments in Quality of Life and Community Vitality projects that benefit the entire service area. Whether it is engaging in physical fitness activities, exploring the natural wonders of the outdoors, purchasing capital equipment, or park and trail improvements, funding in this category supports and enriches public places and public spaces.

Summary of Primary Emphasis: Black Hawk County Gaming Association is interested in awarding funds to projects that make the Cedar Valley a stronger, better place to live. It places emphasis on proposals that enhance public facilities, create, replace or upgrade substantial capital items or create new opportunities where none now exist. Projects must demonstrate the ability to leverage funding from additional sources and should demonstrate the sustainability of the project. Funding is limited to cities and counties in the seven-county region and to qualified, eligible 501c3 organizations located in the service area. Funding requests from counties other than Black Hawk are accepted once each year and must first apply to their local county foundation for support.

Clarke County Development Corporation

Date Organized: August, 1969

Contact: Bill Trickey, Executive Director

Website: www.clarkecountyiowa.com

Nonprofit License Holder For:
Lakeside Casino and Hotel, Osceola

List of Board Members: James Kimball, MD, Richard Buesch, Kevin Emanuel, Brian Evans, Jason Gibbs, David Hoadley, Helen Kimes, Amy Lampe, Ryan Lundquist, Doug Miller, Todd Thompson, David Walkup, Sue Wilder

Geographical Area Served: Clarke County

Total Number of Grants Committed in 2018: 25

Total Amount of Grants Awarded in 2018: \$1,185,137.75

List of Primary Grant Emphasis Areas:

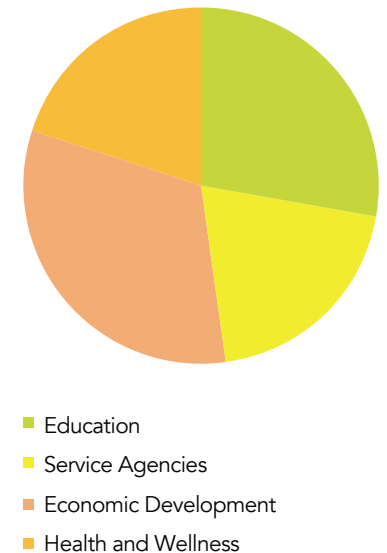

Health and Wellness - Along with access to quality health care, we are concerned about attracting physicians to our community. And of course, mental health is an area we are committed to improving. Our ongoing commitment to a quality trail system is part of this effort as well.

Education - Collaboration among our employers and our educators has led to increased awareness among our youth regarding career opportunities and the preparation necessary. We also strive to insure our schools have the latest technology available.

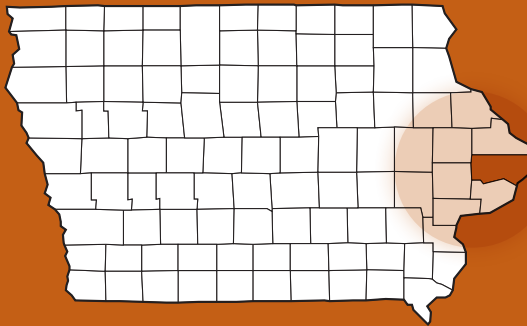

Economic Development - Working with local government agencies we strive to help fund projects that will insure the continued infrastructure necessary for sustaining growth in the private sector. These funds also include projects that improve the appearance of the community.

Service Agencies - We provide funding to a broad cross section of not for profit agencies who provide needed services to members of our community needing assistance. An example is the Fern Underwood Free Swim Night at the local Aquatic Center.

Summary of Primary Emphasis: The Clarke County Development Corporation works collaboratively with a broad cross section of the community. This collaboration includes the County Engineer, Emergency Management Services and Soil and Water Conservation. At the City level it works closely with the City Council, Law Enforcement, Parks and Recreation and the Utilities. It works closely with both the Clarke Community School District, the Murray Community School District and South Western Community College. The collaboration also includes the Clarke County Hospital, Clarke County Health Department and Elderly Care facilities. Each Fall we host a Community development Forum aimed at furthering cooperation and collaboration among all of our Community Development agencies and stakeholders. Additionally, we host an annual Planning Retreat with representatives from the primary stake holders present. This event identifies the community's priorities and areas of concern for the upcoming year. Many of the grants awarded have their origin in these sessions.

Clinton County Development Association

Website: www.clintoncountydevelopment.org

Nonprofit License Holder For:
Wild Rose Casino, Clinton

List of Board Members: Jerome Burken, President, Les Shields Vice President, Ed Hupfer, Secretary, Kim Clausen Treasurer, Tom Fullerton, Brenda Kay, Alice Schnepel, Dave Sivright, Matt Stammeyer, Brig Tubbs, Peg Wolf

Geographical Area Served: Eastern Iowa (Primarily Clinton County)

Total Number of Grants Committed in 2018: 81

Total Amount in Grants Awarded in 2018: \$1,124,666.85

List of Primary Grant Emphasis Areas:

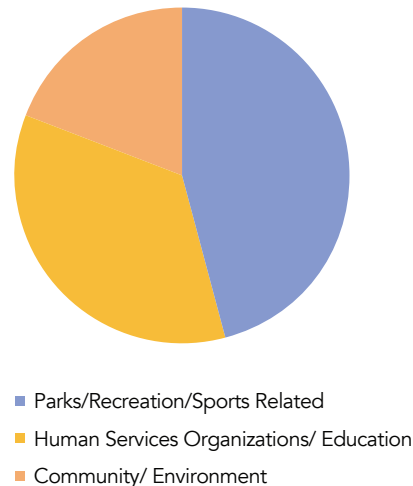

Human Services/Education - The CCDA has been dedicated to the task of providing support for projects and initiatives that promote healthier and safer lifestyles for all residents of Clinton County. Projects include: Camanche High School Gym Upgrades; Electronics for Clinton Middle School.

Quality of Life and Recreation - The CCDA is a proud contributor to the vast array of recreational opportunities available in Clinton County – from seats and stages to parks and playgrounds – we do our best to help provide the fun things in life for our citizens. Projects include: Delmar Splash Pad and Basketball Court.

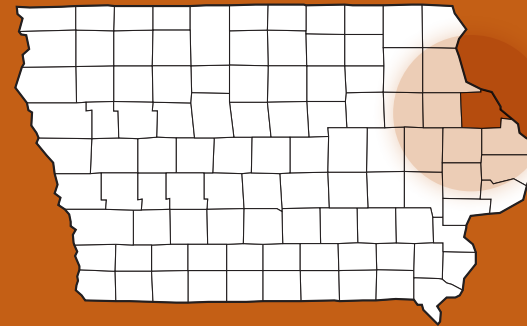

Community and Environment - Community groups have organized to develop, facilitate, and implement innovative initiatives that achieve community development goals and contribute to the well-being of our citizens and our natural environment. The CCDA takes pride in assisting other community-minded organizations with building strong foundations for today and tomorrow. Projects include: SCBA-Airpacks/ Accountability System for Camanche Firefighters.

Summary of Primary Emphasis: The CCDA supports numerous non-profit organizations and their projects within Clinton County, Iowa. We do not recognize an area or project type for emphasis, however do remain alert for those projects that have the potential for economic development and increased employment opportunities. Projects for life saving protective equipment for fire departments have been well received.

We do not use a rubric or scoring method, but rather have each Board Member independently evaluate and rate (score) all grant applications determined to be eligible for CCDA funding. Projects that capture the hearts, minds, and imagination of a larger portion of Clinton County seem to receive higher scores. Those ratings are compiled and averaged, and funding allocations spread across as much of the applicant field as possible. It should be no surprise that applications for funding seem to always outstrip the amount of available funds to grant.

Summary of Primary Emphasis: The Regional Development Authority (RDA) strategically funds initiatives to create a vibrant, inclusive, and growing community. We strive to accomplish our mission through promoting and participating in partnerships with all sectors of our community. We emphasize initiatives that create measurable outcomes in economic development, human services, education, and the arts, culture, and heritage of our community. RDA supports deeper community involvement through collaboration, volunteerism, and leveraged resources. We encourage applicants to consider how their proposals contribute to building a more inclusive community. RDA has been active in helping to develop Scott County and the associated metropolitan area as vibrant tourism destinations through funding amenities and marketing for the many great attributes of the region. Demonstration, by applicant organizations, of moving towards sustainability is a key objective.

Community Development and Beautification – A high priority is given to community development projects that encourage neighborhood revitalization and create more livable neighborhoods. Proposals that improve the quality of life and enhance the image and/or appearance of our communities will be seriously considered.

Arts/ Culture

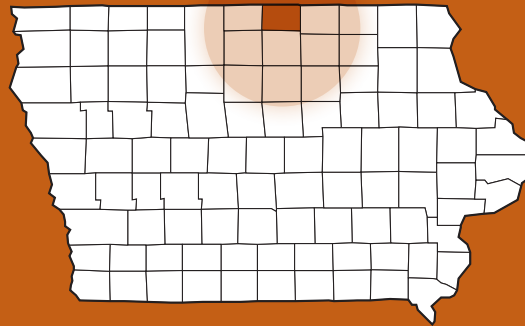

Economic Development – An important goal is to retain or create family wage jobs that result in increased economic self-sufficiency for area families and residents. The Foundation's primary economic development role is to serve as a catalyst by building the capacity of the public and the nonprofit sectors to effectively plan and manage economic development projects.

Human Services and Education – The Foundation places a high priority on innovative programs that strengthen families, address the needs of under served youth, provide services to senior citizens, and help all citizens reach their potential. The retention of young adults in our communities is an important goal of the Foundation. In addition, the Foundation has an interest in quality day care programs for our youth. The Foundation has an interest in new and innovative programs that promote life-long learning, academic performance and workforce preparation. Education programs, including early childhood education, that address under served age groups and serve children from economically and educationally disadvantaged families are considered.
