Peer Pointers

This section of the CF Snapshot features short descriptions of positive work happening at community foundations and affiliates across Iowa. If you'd like more information about these topics, please [contact Jenna](#).

The Quad Cities Community Foundation is investing time to understand needs in their communities. They see participating in sustained efforts -- efforts to address issues that no one person or organization can tackle on their own -- as a crucial part of their work. They have learned through their longtime participation in the Quad Cities Housing Council about the *opportunities* for progress that are possible. As a result, they made their largest Transformation Grant in the organization's history this week to support affordable housing solutions in the region. Read more about their investment [here](#).

The IRS issued a helpful reminder about current charitable giving incentives. The announcement, [Expanded tax benefits help individuals and businesses give to charity in 2021](#), highlights the above-the-line deduction (universal or nonitemizer deduction), the relaxed rules on cash donations, the hike to 100% in the amount itemizers can claim each year (up from 20% and 60% for businesses and individuals, respectively), the increase from 10% to 25% in the amount corporations can deduct, and increased limits on amounts deductible for donations of certain food inventories. Congress enacted and extended these temporary improvements during the pandemic in response to nonprofit advocacy.
