Disaster Recovery Fund Match Grants Available

Through participation in The Funders' Network's Philanthropic Preparedness, Resiliency, and Emergency Partnership (PPREP) cohort, the Iowa Council of Foundations has received funding to re-grant throughout the state. Our goal is to leverage this funding to support several community foundations by positioning them with seed money for their disaster recovery funds and to support future community needs. Learn more about the Community Foundation Disaster Recovery Fund Matching Grant Program [here](#).

Legislative Update - House Study Bill 122

In partnership with the QSOs, the Iowa Community Foundations Initiative is advocating for a joint legislative proposal to grow philanthropic resources in Iowa by directing a portion of sports wagering receipts to community-based philanthropy. House Study Bill 122 was introduced last week. A Senate version of the bill is currently being drafted. You can review the [updated legislative fact sheet here](#) and information we shared [in last week's Policy Alert here](#). We will send another Policy Alert as soon as we have a Senate bill number. Thank you, in advance, for your engagement!

In response to a recent Colleague Inquiry about scholarship displacement, the [Community Foundation of Northeast Iowa](#) shared that they have changed the nature of what their scholarships cover and now say in their letter to colleges/universities that the scholarship should be applied “toward the cost

of attendance.” By including this line, the scholarship does not solely apply to tuition, so does not end up bumping out other financial aid. With it going toward the cost of attendance, the scholarship is applied on top of existing financial aid and other scholarships, which means students may end up getting it as a reimbursement on their U-bill and can use it for housing, etc. This may take care of the issues students are running into regarding their tuition benefit. It was an incredibly easy fix -- simply a matter of changing the language in the letter that accompanies the scholarship check to schools.

Colleague Inquiry: Human Resources

A colleague has requested your help with the following:

I am working on an "Employee Lifecycle: Hire to Exit" document to lay out the sequence to standardize the processes of recruitment, onboarding, retention, through separation. Within each phase, I am noting what needs to be done when and who is responsible within our organization. The document will also have embedded links to standardized references, forms, templates, and checklists.

Contents include:

- Attraction and Recruitment: New Job / Recruit / Offer
- Pre-Arrival, Onboarding: New Hires
- Retention: Ongoing Employee Professional Development
- Separation: Employee Exit and Reflection

Some examples of what will be included are:

- New Hires: approval to hire, job description, interview process (who is in the first, then second interview, template of standard questions)
- Work Agreements, onboarding, first day/weeks plan
- Document retention: legal timing, electronic security paths, etc.

If you have any forms, templates, documents that may be relevant, please [send it to Jenna](#) by noon on Friday, March 10.

Colleague Inquiry: Agency Funds

A colleague has requested your help with the following:

What steps do you take when a nonprofit agency, that is a fund holder, has its 501c3 status revoked? Specifically, the following questions, plus any other insight you have:

- Do you meet to discuss their response/plan for reinstatement?
- Will you continue to pay invoices/vendors from the fund on their behalf with proper verification?
- Do you continue to accept donations for their fund?
- Do you set an amount of time for them to be reinstated and if not met, you ask the board to exercise Variance Power?
- Are any of these answers different based on type of fund (endowed, expendable, quasi)?

If you have any insights, please [send it to Jenna](#) by noon on Friday, March 10.
