

COUNTY ENDOWMENT FUND PROGRAM

The County Endowment Fund Program is celebrating its 20th anniversary this year. This one-of-a-kind program has created a vibrant philanthropic network throughout our state.

We ask for your partnership in helping communicate the impact of this program with stakeholders, legislators and community leaders in your area. Please utilize this storytelling template which can be customized to highlight your affiliate/county's grantmaking and development activities.

TELLING OUR STORY

What has happened so far?

Use this timeline with your local leadership group, volunteers, and/or donors to reconstruct your history, especially your turning points. Look at each set of years on the timeline and try to recall and list what was happening in those years. What accomplishments (or setbacks) dominated at each point? What “defined” each of the points on the timeline?

Once you have worked together to fill in some of the main events and activities, review the timeline together and answer the Discussion Questions on the back page. Feel free to add other key questions and/or insights.
